Business Operations Information

Is your business plan in compliance with all Vermont State laws and regulations, including but not limited to advertising, marketing, and product packaging requirements?

Yes

What kind of precautions will you take to prevent underage sales?

To prevent underage sales at our cannabis retail store, Full Tank Flower we will implement the following precautions:

1. **ID Verification**:

- Require all customers to present a valid government-issued photo ID upon entry and at the point of sale.
- Utilize advanced ID scanning technology to verify the authenticity of the IDs and detect any falsifications.

2. **Staff Training**:

- Conduct regular training sessions for all employees on the importance of preventing underage sales and how to spot fake IDs.
- Update staff on the latest town and state regulations and best practices in age verification.

3. **Store Policies**:

- Implement a strict "no ID, no entry or sale" policy.
- Display clear signage before you enter and throughout the store stating that sales to individuals under 21 are prohibited.
- Restrict entry to individuals 21 and older by having a designated staff member check IDs at the entrance.

4. **Surveillance**:

- Install high-quality security cameras to monitor all transactions and ensure compliance with age verification protocols.
- Regularly review footage to ensure staff adherence to policies.

5. **Audits and Compliance Checks**:

- Conduct internal audits to ensure all employees follow the age verification procedures.
- Cooperate with state regulatory bodies for compliance checks and be prepared for unannounced inspections.

6. **Community Engagement**:

- Educate the local community about the risks and laws regarding underage cannabis use.
- Partner with local organizations to support youth prevention programs.

By implementing these precautions, your cannabis retail store will create a secure environment that complies with Vermont's regulations and protects the community.
