Re: Changing Requirements for Travelling Performer's Permits

The Church Street Marketplace offers a unique venue for performers to showcase their art through the Street Entertainer Program. Church Street buskers are given an opportunity to perform on the busiest street in Vermont for a relatively low cost and Church Street benefits from the added street activations.

The Marketplace charges fees on street entertainers to offset the admin costs associated with processing their applications. Fees are tiered based on the four categories performers can apply for: Annual License, Young Performer, Circle Act, and Travelling Performer.

In order to encourage more buskers to apply, Marketplace staff recommends changing the rules surrounding Travelling Performer's Permit in the following ways:

1. Remove the requirement for the performers to be booked at local venues in order to apply for this permit.
2. Allow performers to apply for a single day permit, limiting the amount of permits to 10 per year.
3. Charge \$20 per permit to offset the admin cost of processing the application.

Marketplace staff believes that adjusting the Travelling Performer's Permit requirements will benefit buskers as well as the success of the Marketplace for two specific reasons:

1. Bringing more performers to Church Street:

By broadening the requirements of the Travelling Performers Permit, we aim to inspire more buskers to perform on Church Street to engage visitors and activate the street.

2. Lack of utilization of Travelling Performers Permit:

Due to the specific requirements needed to apply for this type of permit, very few people qualify for a Travelling Performer's Permit. Because of this, no Travelling Performer's Permits were issued during the 2024 season.

Action:

Marketplace staff request the Commission to approve adjusting the Travelling Performers Permit description to the following:

Applicants can request to perform for a single day on the Marketplace. Upon approval, a license will be issued naming the performer and expiring on the date of the performance. The performer must apply for a new permit in order to perform again. Limit of 10 Travelling Performers Permit Licenses per year.

Re: Cart Vendor Program 2025

The Marketplace Cart Vendor program is a long-standing tradition that has seen young entrepreneurs blossom from “just an idea” to brick-and-mortar restaurant owners year after year. The program is a unique opportunity for creative entrepreneurs and businesses to operate a mobile food, retail, or artisan cart on the Marketplace. The cart vendors bring a creative, approachable, and invigorating vibe to the Marketplace. In addition, the program brings in roughly \$30,000 in revenue to the Marketplace annually.

Staff ran an application process for the 2025 cart vendor program on the Church Street Marketplace earlier this year. The application opened Wednesday, January 15, 2025 and closed Sunday, February 9, 2025 at 11:59pm. As a reminder, the cart vending season will run from May 1, 2025 – April 30, 2026. We received a total of 18 applications. Staff meet with the Cart Vendor Committee on Wednesday, February 12, 2025 to discuss the 9 returning and 9 new vendor applications. Full applications and a video recording of the meeting can be found at:

<https://burlingtonvt.portal.civicclerk.com/event/7979/files/agenda/13146>. After this meeting the cart vendor committee recommends the following vote based on the applications, staff recommendations and discussion had.

The Cart Vendor Committee recommends approval of the following slate of returning vendors:

- Moonchild (retail)
- South End Sliders (food)
- Café Istanbul (food)
- A-maize-ing Kettle Korn (food)
- Church Street Cheesesteaks (food)
- Micro Mobile Kitchen (food)
- Mas Comida (food)
- Jilib Jiblets (food)
- Sabah's House (food)

The Cart Vendor Committee recommends approval of the following slate of new vendors:

- Only Canoli (food)
- SamosaMan (food)
- Trinidadian Cuisine (food)
- Skinny Pancake (food)
- Nauti Paddle (retail)
- Vamo Arriba (food)
- Kitunga Fashion – NO (retail)
- Rizo VT (Food)

The Cart Vendor Committee recommends denial of the following slate of vendors:

- Kitunga Fashion – NO

The Cart Vendor Committee recommends further discussion of the following slate of vendors:

- Maharaja Spice– Matthew's Montreal's Famous

Business Information (New Cart Vendor)

Have you ever had a peddling or vending license with the City of Burlington (including the Church Street Marketplace)?*

No

Please explain why you are interested in being a cart vendor and how you heard about the Cart Vendor Program*

I would love to introduce Vermont to Congolese baskets. Traditional Congolese baskets are not only beautifully handcrafted but also rich in cultural significance and sustainability. As a cart vendor, I see an opportunity to share these unique artisan products with the local community, supporting both Vermont vibrant marketplace and Congolese artisans. One of the vendors informed me about the Cart Vendor Program.

Please describe your business and cart operation (I.e. what is your business, how long have you been operating, etc.)*

Kitunga (Baskets in Swahili) Fashion consists of Congolese baskets made out of Raffia.

Raffia is used to make the interior of the baskets, it is woven by hand. Then, depending on the style, fabric or recycled material is added to the raffia's outer part, which is done by machine.

All the baskets feature a drawstring however, some styles have a zipper instead. The baskets are available in small, medium, and large. People love them.

What is your proposed scope of operations for the 2025-2026 season? What days and times do you plan to vend this season?*

I am planning to vend from June to September, Monday through Thursday from 11 am to 5 pm.

Please provide a detailed description of the food/merchandise/goods you plan to sell*

Congolese Baskets

What are the price ranges for the products you plan to sell?*

\$60 - \$100

Are the products you use or products you make sourced locally in Vermont?*

No

Cart Information (New Cart Vendor)

Do you currently own a cart structure?*

No

How do you plan to build and/or obtain a cart that meets program requirements?*

I am planning to use a 10 * 10 tent

Motorized vehicles are only allowed on Church Street from the hours of 7:00am - 10:30am Monday-Saturday. How do you plan to move your cart on and off of Church Street without the use of a vehicle?*

No

Please explain why you are interested in being a cart vendor and how you heard about the Cart Vendor Program*

It's been our experience that many people (local and tourists) are unaware of the activities on the waterfront, specifically charter boat cruises. We are interested in utilizing the Cart Vendor Program to share information about our cruises, as well as for other cruise operators. As lifetime residents of the Burlington area, we've been familiar with the Marketplace Cart Vendors for quite some time.

I operated my first year as a pop up, second year as a farmers market vendor and most recently a large event vendor. Through this process I've really dialed in our customer base- "Tourist Foodies" or "Vt Transplants". Church street feels like an obvious next step to be where our customer base is while also offering a big city bite to a small city downtown. I am friendly with many of the church street market vendors already and from their experiences I know it would be a great fit and balance.

Please describe your business and cart operation (I.e. what is your business, how long have you been operating, etc.)*

I've spoken on this a bit above but we have operated 3 seasons- testing different parts of the vendor market through large events, pop ups and farmers markets. We started with a 6 foot table and graduated to a 10x10 tent filling cannoli to order with shells and fillings prepared in a commercial kitchen. Our next chapter is a combination of the two with a bike towed cart big enough to service volume but small enough to be managed without the need for multiple staff members.

What is your proposed scope of operations for the 2025-2026 season? What days and times do you plan to vend this season?*

"I plan to operate during the day Sundays Mondays, as well as on weekday afternoons and evenings (starting at 2 PM) whenever possible, as it aligns with my catering job schedule. I plan to operate on Friday and Saturday nights in the beginning of the season. From August 4 to October 4, I may not be able to meet the full attendance requirements/commitments as mentioned above. I have discussed this briefly with Andrew Bacher, and he still encouraged me to apply.

Please provide a detailed description of the food/merchandise/goods you plan to sell*

I craft traditional Sicilian cannoli shells with a delightful cinnamon aroma and a rich ricotta filling. Each cannoli is freshly filled to order and adorned with an assortment of toppings. When time allows and seasonal local produce is available, I love to incorporate unique flavors, such as apple pie (vegan) and other delightful fillings and toppings. We even do savory cannoli on occasion which is always an eye catcher! Pimento cheese filling in a switchback shell? Yes please!

Additionally, I offer fruit with cannoli dip cups (gf, healthy) and cannoli chips (shell pieces dusted with cinnamon sugar) served with a delectable dip (which can be made vegan).

What are the price ranges for the products you plan to sell?*

Only Cannoli's are \$7 however you like it regardless of fillings or toppings.

Are the products you use or products you make sourced locally in Vermont?*

We use King Arthur Flour and source many toppings and filling ingredients from our micro local business friends and farms at the Burlington farmers market.

Cart Information (New Cart Vendor)

Do you currently own a cart structure?*

No

How do you plan to build and/or obtain a cart that meets program requirements?*

I plan to build an extendable box on a bike trailer per the requirements listed. Picture something similar to Shy Guy but pulled by a strong gal on a bike!

Motorized vehicles are only allowed on Church Street from the hours of 7:00am - 10:30am Monday-Saturday.

How do you plan to move your cart on and off of Church Street without the use of a vehicle?*

I will pull via bike if allows or push by hand.

How many people are you planning to have help manage and operate your cart on the street during the 2025-2026 season (this could include employees, family, friends, etc.)?*

1-2

What is your preferred location to vend on the street (refer to page 1 in our Terms and Conditions document under "Fees")? Please note: we CANNOT guarantee you will be placed at your desired location if approved to the program*

Third Block (Between Bank Street and Cherry Street intersections)

Will you need access to electricity (please note this not guaranteed and is an additional cost)?*

Yes

Is there anything else you would like us to know?

I am so proud to even be applying to Burlingtons Church Street! We offer a very special "City Only" treat that many travel hours to Boston, New Jersey, NYC and Montreal to get. Burlington being in the center of all of these amazing cities and 3 years of event popping is proof there is demand.its only allowing me to upload one attachment of blueprints. I will send all sides via email

No

Please explain why you are interested in being a cart vendor and how you heard about the Cart Vendor Program*

Rizo VT is passionate about sharing the authentic flavors of Iraqi and Arab street food with our community. As Vermonters who immigrated in 2009 from the Middle East, Church Street is an ideal location for us to introduce our unique offerings to a diverse audience. As a food cart and brand, we embrace the passion we share in our culture regarding food while also being able to bring our delicious dishes directly to the heart of downtown, where we can engage with people from all walks of life and introduce them to a culinary Iraqi experience that is both flavorful and new to the area. Being a part of the Cart Vendor Program provides us the opportunity to grow our presence, build a loyal customer base, and contribute to the food culture in the area. We also appreciate the chance to operate in a space that encourages creativity and supports small businesses like ours. We want to create an environment where high-quality cultural food is accessible to everyone. We first learned about the Cart Vendor Program through local community events and word of mouth. After attending a meeting with Johanna, we were inspired to apply. The program's focus on supporting local vendors in the marketplace made it the perfect fit for Rizo VT, and we are excited about the potential opportunity to be part of such a thriving and welcoming environment.

Please describe your business and cart operation (I.e. what is your business, how long have you been operating, etc.)*

Rizo VT is in its first phase of operation but has already built a small following through local arab events and within the Arab community here in VT. We are eager to establish ourselves as a regular vendor on Church Street, where we can engage with both the local community and tourists.

We are committed to sustainability and ethical sourcing, using eco-friendly packaging and supporting local farmers and suppliers as much as possible. Our cart is designed to be both efficient and welcoming, with a focus on customer service and the quick preparation of high-quality dishes inspired from the famous Rizo sauce that all Iraqis know and love.

What is your proposed scope of operations for the 2025-2026 season? What days and times do you plan to vend this season?*

We propose to operate 5 days a week, starting in late spring through the fall, taking advantage of the peak tourist and local traffic in the downtown area. Our proposed schedule is as follows: Monday through Sunday: 11:00 AM – 8:00 PM (with flexibility to adjust based on demand or season) We will focus on lunchtime and evening hours along with focusing on weekends, to capture both the lunch crowd and the dinner rush along with serving past midnight on the weekends. We are also open to adjusting our schedule based on Church Street events or special occasions that might increase foot traffic and interest in our offerings. Additionally, we would be open to participating in food festivals or pop-up events throughout the season to further connect with the community and increase our visibility.

Please provide a detailed description of the food/merchandise/goods you plan to sell*

At Rizo VT, our primary dish is the rizo bowl, a hearty and flavorful meal that has a base of aromatic yellow rice paired with tender, perfectly seasoned chicken. What truly sets the Rizo Bowl apart is our signature rizo sauce. It is a unique, flavorful sauce that elevates the dish with its rich, tangy, and slightly spicy profile. The sauce is the heart of the Rizo Bowl, providing a burst of flavor that ties all the elements of the dish together and makes it stand out from other street food offerings.

In addition to our signature Rizo Bowl, we plan to introduce a creative twist on comfort food by offering rizo in a loaded potato form. These are crispy, golden-brown potatoes topped with all the ingredients that make the Rizo Bowl a fan favorite. Imagine a base of crispy potatoes loaded with chicken, yellow rice, fresh vegetables, and of course, drizzled with our delicious Rizo sauce. The loaded potatoes will offer a satisfying and customizable option that appeals to customers looking for a fresh take on traditional street food.

Our proposed menu-

Rizo Bowl- Yellow rice, seasoned chicken, fresh veggies, and Rizo sauce. Loaded Crispy potatoes filled with yellow rice, seasoned chicken, fresh veggies, and drizzled with Rizo sauce. We will also offer a plant-based version of the Rizo Bowl and Loaded Potatoes with roasted vegetables or falafel as the protein, ensuring that our offerings cater to a variety of dietary preferences. A selection of Middle Eastern-inspired sides, such as hummus, tabbouleh, and baba ganoush, and garlic sauce which is perfect for complementing the main dishes.

What are the price ranges for the products you plan to sell?*

Rizo Bowls- \$13- \$16

(This price includes the yellow rice, seasoned chicken, fresh veggies, and the signature Rizo sauce.

Loaded potatoes also available in vegan/ vegetarian options : \$8 - \$13

(Crispy potatoes loaded with yellow rice, seasoned chicken, veggies, and topped with Rizo sauce. The price will be slightly lower for the vegetarian/vegan version.)

Sides- \$3 - \$5

(Hummus, tabbouleh, baba ganoush, and other small sides. This price will cover a standard serving size that pairs extremely well with the main dishes or even on top!)

Are the products you use or products you make sourced locally in Vermont?*

We source our yellow rice from local Vermont distributors to ensure freshness and support local agriculture. We will also hope to work with local farms that raise free-range, antibiotic-free chicken/meat, ensuring a higher standard of quality and flavor. Whenever possible, we purchase fresh, seasonal vegetables from Vermont farmers' markets and local growers. This includes ingredients like tomatoes, cucumbers, lettuce, and herbs for the sides, potatoes, or the bowls. Many of the key ingredients in our signature "Rizo" sauce, such as garlic, lemons, and spices, are sourced from Vermont-based producers or high-quality suppliers that have a conscious commitment to minimizing their environmental footprint!

Cart Information (New Cart Vendor)

Do you currently own a cart structure?*

No

How do you plan to build and/or obtain a cart that meets program requirements?*

We plan to have our cart built and fully operational by May , ensuring that we are ready to launch in time for the busy spring and summer months of the 2025 season. we are dedicated to ensuring our food cart meets all program requirements while providing a safe, functional, and welcoming environment for both our team and our customers. To achieve this, we plan to build or obtain a cart that aligns with health and safety regulations, as well as aesthetic and operational standards. We will work with a professional cart builder or a reputable custom cart manufacturer to create a food cart that meets all local health and safety codes, including those related to food storage, preparation, and sanitation. The design will be functional, efficient, and capable of handling the cooking and storage needs of Rizo VT's menu. We will prioritize ease of access for both food preparation and customer service, while ensuring that the cart is visually appealing and represents the vibrant spirit of our brand. The cart will be designed to meet all local and state regulations regarding food safety and hygiene, including proper food storage, cooking equipment, sanitation stations, and ventilation. We will also ensure that the cart is fully equipped with necessary utilities such as water tanks, waste disposal systems, and other equipment

required for safe food handling. We will work closely with local health inspectors to ensure full compliance during the design process.

Motorized vehicles are only allowed on Church Street from the hours of 7:00am - 10:30am Monday-Saturday. How do you plan to move your cart on and off of Church Street without the use of a vehicle?*

we understand the importance of complying with the restrictions on motorized vehicles on Church Street, and we have developed a practical plan for moving our cart on and off the street without the use of a vehicle during the restricted hours. We will invest in high-quality wheels that are capable of supporting the weight of the cart and can handle the cobblestone streets of Church Street without causing damage. This design will make it easy for us to roll the cart onto and off of the street at the beginning and end of each vending day.

Rizo will have a dedicated team of two to three people who will be responsible for moving the cart. They will be trained in efficiently transporting the cart both early in the morning before 7:00 AM and after 10:30 AM, so that we comply with all guidelines.

How many people are you planning to have help manage and operate your cart on the street during the 2025-2026 season (this could include employees, family, friends, etc.)?*

2-3

What is your preferred location to vend on the street (refer to page 1 in our Terms and Conditions document under "Fees")? Please note: we CANNOT guarantee you will be placed at your desired location if approved to the program*

First Block (Between Main and College Street intersections)

Will you need access to electricity (please note this not guaranteed and is an additional cost)?*

Yes

Is there anything else you would like us to know?

We are so very excited about the opportunity to become a part of the Church Street community and are still in the process of finalizing the details of our operation. While we have a clear vision for Rizo VT, we are continuing to refine our plans, including sourcing local ingredients, designing our cart, and ensuring that all aspects of our operation align with program requirements. We appreciate your consideration and are committed to keeping you updated as we progress in our preparations. We are eager to begin this new chapter and are confident that Rizo VT will bring something unique and exciting to Church Street that all can enjoy! Thank you

Please describe your business and cart operation (I.e. what is your business, how long have you been operating, etc.)*

We sell specialty niche foods, samosas and curry meals, that can be enjoyed anytime of day or occasion. The SamosaMan receipe has long been in the family but this iteration includes my brother and I. We've been operational since October 2024, beginning with small events and local winter markets.

What is your proposed scope of operations for the 2025-2026 season? What days and times do you plan to vend this season?*

Depanding on the weather and foot traffic, we're planning on being out there Sunday-Saturday. We're planning on being out there as early as noon on nice days and stay as late as 2am on the weekends.

Please provide a detailed description of the food/merchandise/goods you plan to sell*

Samosas are triangle pastries with different fillaments insides of them. Our menu includes; Spicy Chicken, Chicken & Cheese, Steak & Cheese, Steak & Potato, Veggie, Traditional Punjabi, Spicy Potato and Apple for desert. We will also serve Chicken Curry and Chickpea Masala meals with our coconut rice.

What are the price ranges for the products you plan to sell?*

Samosas are \$4 each with a 3 for \$10 special. Meals are \$13 each.

Are the products you use or products you make sourced locally in Vermont?*

Yes the majority of our vegatables are locally sourced from plainfield and the reminder of our ingridients are bought within Vermont's marketplaces.

Cart Information (New Cart Vendor)

Do you currently own a cart structure?*

Yes

Motorized vehicles are only allowed on Church Street from the hours of 7:00am - 10:30am Monday-Saturday.

How do you plan to move your cart on and off of Church Street without the use of a vehicle?*

The trailer can be pulled by a lone healthy adult.

How many people are you planning to have help manage and operate your cart on the street during the 2025-2026 season (this could include employees, family, friends, etc.)?*

1-2

First Block (Between Main and College Street intersections)

Will you need access to electricity (please note this not guaranteed and is an additional cost)?*

Yes

Is there anything else you would like us to know?

Just wanted to confirm that a range hood would still not be necessary for the 2025 season if the trailer has two large concession windows (see trailer attachment).

Please describe your business and cart operation (I.e. what is your business, how long have you been operating, etc.)*

We are a young married from Argentina and Uruguay, who came one year ago to Vermont. Our experience started cooking homemade food in our original homes in each of our countries. We have been cooking since 2015 in Uruguay, in different public events like fairs and others different holiday times. Besides, we have experience as a cook helper in Vermont, however, this will be the first time cooking for our own bussiness.

What is your proposed scope of operations for the 2025-2026 season? What days and times do you plan to vend this season?*

Our plan for vend are mostly Friday and Saturdays afternoons and evenings, but also we are plannig to expand this while we are growing in this bussines.

Please provide a detailed description of the food/merchandise/goods you plan to sell*

Our main products are the fried empanadas, alfajores of dulce leche (it is a sweet caramel milk sauce originally from our countries) and also natural beverages like Mate, this is a hot infusion or can also be cold (Terere), from South America, mainly from Uruguay, Argentina, Paraguay and south of Brasil. Apart from that, we have different affordable options for a diverse public with allergies or personal choices, like Gluten free, vegan, vegetarian and regular likes.

What are the price ranges for the products you plan to sell?*

Each empanada will be 6 dollars each one, alfajor 4 dollars each one and beverage will be around 5 dollars.

Are the products you use or products you make sourced locally in Vermont?*

They are made locally in Vermont, we actually receive ingredients from Uruguay and Argentina but also, we buy Vermonts products like Flour, etc

Cart Information (New Cart Vendor)

Do you currently own a cart structure?*

No

How do you plan to build and/or obtain a cart that meets program requirements?*

We plan to buy a trailer and build a cart with all it needs to meet the requirements

Motorized vehicles are only allowed on Church Street from the hours of 7:00am - 10:30am Monday-Saturday. How do you plan to move your cart on and off of Church Street without the use of a vehicle?*

The cart will have a reasonable size to be moved by one person walking.

How many people are you planning to have help manage and operate your cart on the street during the 2025-2026 season (this could include employees, family, friends, etc.)?*

2-3

What is your preferred location to vend on the street (refer to page 1 in our Terms and Conditions document under "Fees")? Please note: we CANNOT guarantee you will be placed at your desired location if approved to the program*

First Block (Between Main and College Street intersections)

Will you need access to electricity (please note this not guaranteed and is an additional cost)?*

Yes
