MATHEW'S MONTREAL'S FAMOUS FOOD CART SCHEDULE CHANGE REVIEW

- Mathew Panetta requests to change the vending schedule of his food cart to 10 pm – 2 am. Mathew Panetta argues that his menu will not be competing with a brick-and-mortar business as long as they vend outside of Laligura's business hours.
- Discussion ensues on the need to check in with Laligura's regularly to ensure there are no issues with Mathew Panetta's cart.
- The motion to accept the schedule change is unanimously approved.
- Discussion also ensues about the next steps before Mathew Panetta can vend on the street. The Church Street Marketplace Commission will need to give final approval on this decision. Kara could provide provisional approval for Mathew to vend before the commission approval given that Mathew provides a schedule of vending dates.

Meeting is adjourned
