APPLICATION FOR: Airport Commission Board/Commission

(Please fill out a separate application for each post)

****Vacancies on the Board for Registration of Voters still require your political affiliation****

Full Name: Andrew Savage Ward: 6

Residence: 54 Summit Ridge ****Political Affiliation****

Are you a registered Burlington Voter? Yes

Phone (home): Phone (work): Phone (cell): 802.793.9793

E-Mail Address: asavagevt@gmail.com

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I am Vice President of Sustainability and a Member of the Founding Team of Lime, a electric shared micromobility (bikes/scooters) company operating in 280 cities globally. Prior, I was an executive at Vermont-based AllEarth Renewables and elected member of the Board of Directors for the national Solar Energy Industry Association. I was co-chair of Mayor Miro Weinberger's transition team. I served as Legislative Director and Deputy Chief of Staff to Congressman Peter Welch. Prior, I was aide to the President Pro Tem Welch in the Vermont Legislature and Director of the Senate Democratic Caucus campaign. I am a BTV baseball coach.

Current Occupation: Vice President of Sustainability & Founding Team at Lime (a global clean transportation company)

Education (list most recent first):

School	Location	Year/Degree
Middlebury College	Middlebury, Vermont	2004, B.A. summa cum laude, political science

What do you hope to accomplish as a Commissioner/Board Member?

I hope to help ensure the Burlington International Airport remains the critical transportation and economic driver it is for the City and the region through oversight, advice, and - where helpful - through fostering community engagement. I hope to leverage my experience living in the community and working in a sustainable global transportation service, where customer experience is critical, to ensure the airport continues to thrive. As the airport modernizes and experiences exciting new opportunities on its campus, such as with Beta, I hope to help the airport also think about advancing the City's decarbonization goals and future climate resilience.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Airport Director Nicolas Longo

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

Burlington Conservation Board - 2005-2006 (resigned when asked to join Peter Welch's Washington, DC staff)

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

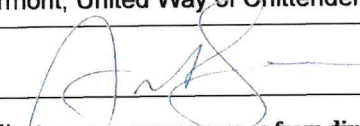

List Two References:

Senator Peter Welch - 802-863-2525; Sarah Muyskens - 802-999-0890

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I am a regular user of the airport for family/personal travel as well as work travel and hope to bring this first hand experience to help support guiding the airport's future operations. I am a past board member of:

CarShare Vermont, United Way of Chittenden County, and Vermont Council on Rural Development (VCRD).

Signature:  Date: 5/9/2025

The City of Burlington encourages persons from diverse backgrounds to apply to serve on boards, commissions and committees. The City is committed to providing equal opportunity to all persons without regard to political affiliation, race, color, religion, age, sex, sexual preference, national origin, disability or any other non-merit factor.

Received @ 11:00pm
to 5/13/25

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have served as an Airport Commissioner for the past several years and have developed a thorough understanding of the Burlington Airport and a strong working relationship with other commissioners and airport staff. In addition, I have and continue to serve on several local and national boards and committees that operate in a similar manner to the Airport Commission. My job as a senior administrator in the Department of Athletics at UVM has also provided me with significant experience in dealing with organizational management including budget and finance, strategic planning, organizational structure, and personnel management. Facility project management is also an important aspect of my job at UVM which has helped me in my role as an Airport Commissioner.

Current Occupation: UVM Director of Athletics

Education (list most recent first):

School	Location	Year/Degree
UVM	Burlington, VT	M Ed., 2003
UVM	Burlington, VT	BA, Political Science, 1989

What do you hope to accomplish as a Commissioner/Board Member?

I look forward to continuing to use my skills and experiences to help guide the airport's leadership team and the city as they navigate through these challenging and critical times. As a resident of Burlington for over 30 years, a frequent user of the airport, and a leader of an organization that relies heavily on air travel, I have developed a strong appreciation for the critical role that the airport plays in both the economic vitality of our city/region and the quality of life that we enjoy. I look forward to continuing to contribute my skills and experience to ensure that the airport is best positioned to effectively and responsibly serve the citizens of Burlington and the region moving forward.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I am currently serving on the Commission

Have you served as a Burlington City Commissioner/Board Member in the past? Yes

If the answer is yes, please list any and all appointments and dates you served.

Airport Commission (May 7, 2012 - present)

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

List Two References: Chip Mason; Miro Weinberger

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I'm confident that my experience as an Airport Commissioner along with my financial, analytical and diplomatic skills as well as my strong ties to business and community leaders throughout Burlington, South Burlington, and the region will allow me to continue to serve effectively in this role. I look forward to continuing in the important work of this commission and contributing to a city and a region that is so important to me and my family.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I served as a Ward 8 Inspector of Elections from 2022 to 2023, working at the polls at the 2022 primary and general elections, and the 2022 East District special election.

Current Occupation: Not Employed

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington	BA
Champlain Valley Union HS	Hinesburg	High School Diploma

What do you hope to accomplish as a Commissioner/Board Member?

I want to ensure that all qualified voters in Burlington are able to register and exercise their right to vote.

Vermont is one of the easiest states for voting and registering to vote, but there are still gaps in the system that prevent residents from voting, and many people who live in this city who are able to register do not know that they are eligible to vote in Burlington.

How did you learn of the opportunity/opening to serve on a Board/Commission?

The Burlington city website

Have you served as a Burlington City Commissioner/Board Member in the past? No

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I am trained as an epidemiologist and have over a decade of experience as a public health researcher. In both university and non-profit organizations, I have partnered with communities impacted by structures and systems of oppression to conduct policy- and practice-relevant research about health care access. I have also worked to ensure wide dissemination of findings for use by advocates, policymakers, and communities.

Current Occupation: Research Scientist II, University of Wisconsin - Madison

Education (list most recent first):

School	Location	Year/Degree
University of Wisconsin	Madison, WI	Postdoctoral Fellow, 2023
Boston University	Boston, MA	PhD Epidemiology, 2021
University of Pennsylvania	Philadelphia, PA	MPH, 2014

Haverford College Haverford, PA BA, 2010

What do you hope to accomplish as a Commissioner/Board Member?

As a member of the Board of Health I would continue to use my skills and experience to positively impact health and wellbeing for all Burlingtonians. I am eager to continue to contribute my expertise to addressing our city's most pressing public health issues, including substance use, gun violence, and racism. I would continue to bring an open mind, commitment to collaboration, and deep belief in evidence to inform my work and the Board's efforts.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Training or Experience Related to the Commission or Board Post for Which you are Applying:

My graduate training is in public health, with a focus on the social and structural determinants of health. This work seeks to understand how the conditions in which we are born, live, work, play, and age shape our physical and mental health. I know this evidence base well and how to communicate it to policy makers and the public. I currently explore links between climate change and health across the lifespan, which could be a useful perspective to have on the Board of Health given how increasingly climate change impacts are affecting our lives.

School for International Training	Mali, West Africa	2006/Gender and Development program

What do you hope to accomplish as a Commissioner/Board Member?

As a commissioner, I'd seek to learn, to listen, and to consistently contribute my time and skillset to support the Commission's goals. I'm especially interested in how to best meet the needs of low-income, vulnerable residents so that they feel adequately supported and can move towards improved and thriving quality of life.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Harvard University Cambridge, MA 1988/PhD

University of California Berkeley, CA 1979/MS

Harvard College, Cambridge MA 1976/AB

What do you hope to accomplish as a Commissioner/Board Member?

To be totally honest, if I am selected to serve, I hope to use the experience in large part to learn more about how the CCRPC works and what issues other communities face, but mostly how regional planning can better serve the needs of Burlington. My applying is a bit selfish in that regard – I want to understand the possibilities and limitations of the commission and once I have a better understanding, I may be in a better position to serve Burlington and make it an even better place to live, work, and recreate. Burlington is the heart of Chittenden County and many of its biggest challenges (like housing) require a collaborative effort from neighboring communities. Lacking county government, we must strive to use tools at our disposal, like CCRPC.

What do you hope to accomplish as a Commissioner/Board Member?

I want to ensure that the RPC continues to meet the needs of our member communities, and in particular, making sure that Burlington's interests are properly represented. Affordable and accessible housing issues continue to be a major issue in our region, and I want to remained focus on addressing this very important issue. I also believe that the RPC can have a roll in addressing the related issues concerning the unhoused, drug and mental health that have been facing Burlington and other communities in the region. Likewise, I want to continue addressing the regions response to climate change.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I am currently serving on the CCRPC

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

Burlington City Council (1994-2009), Burlington Planning Commission (2009-present), Chittenden County Regional Planning Commission/Metropolitan Planning Organization (2005-present), Ward 6 NPA Steering Committee (approx. 2009-2014), Channel 17 Board of Trustees (approx. 2004-2009)

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have been a member of this Commission the past 10 years, having served on the Executive Team as its Secretary for much of that time - a position I continue to hold. Prior to that, as the Senior Vice President responsible for the branch network of Citizens Bank in Vermont, I was actively involved with the Marketplace as a supporter and sponsor of key events.

Current Occupation: **Retired from Citizens Bank after 13 years during which time I was the SVP responsible for all of Retail Banking in Vermont**

Education (list most recent first):

School	Location	Year/Degree
American School of International Management	Glendale, AZ	1984 - MBA in International Finance and Management
University of Pennsylvania	Philadelphia, PA	1972 - BA Liberal Arts/French
Nottingham High School	Syracuse, NY	1968 - High School Diploma

What do you hope to accomplish as a Commissioner/Board Member?

I hope to continue to serve the ever-changing community of Burlington, in particular as it applies to keeping its downtown vibrant. I believe that I continue to bring a fresh perspective to the multi-faceted role this commission plays, a perspective that is made even more valuable when combined

with the knowledge I have gained while serving on this Board the past 10 years. As a leader, I have always been praised for both my balanced approach and ability to understand both sides of an issue, i.e., to put myself in others' shoes. These qualities have proven critical during the past 10 years and are more important now than ever - as they will continue to be in the years to come. I believe that we need to work more proactively than ever to address the needs of our merchants/fee payers AND consumers by working together with the City Council and the Mayor - and potentially the Governor - to address the current, urgent issues (homelessness, drug use, theft, etc.) facing our downtown and city. In light of the "ease" of shopping online and the current yet real "fear" of going downtown, we need to continue to fine-tune the Marketing, activities, events and communications that will 1) keep current shoppers coming to the Marketplace, 2) encourage "former" fans to return, 3) and that will simultaneously draw from other markets/populations to encourage new visitors. We are facing the most challenging time of the past many years (our big issue used to be parking!) and I would be honored to be able to continue serving the city I love in my role as a Church Street Marketplace Commissioner.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I originally learned of this opportunity from individuals familiar with both my involvement with the Church Street Marketplace as well as from individuals familiar with my work ethic, high energy and passion for Burlington.

Have you served as a Burlington City Commissioner/Board Member in the past? **Yes**

If the answer is yes, please list any and all appointments and dates you served.

As mentioned above, I have served on this Board the past 10 years and continue to be a member of its Executive Team as its Secretary.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? **No** If so, please explain:

List Two References:

**Paul Plunkett, Retired CEO and Chief Operating Officer, Hickok & Boardman Insurance
Jed Davis, Owner and Operator of The Farmhouse Restaurant Group and Bliss Bee franchise**

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I wanted to share a little about my background with city "pedestrian zones" and why Burlington's Church Street was a key reason why I chose to move here with my family in 2003. As you may have noticed from my educational background, I am passionate about foreign languages and cultures. It is important to me to be able to communicate with people in their native tongues any chance I get, and it was important to me to give my children the opportunity to experience other cultures - an opportunity I never had as a child. I was fortunate to have been able to make this happen through my work (Citibank at that time). I was relocated with my husband and our four children (ages 5, 8, 10 and 12) to Germany in 1995 and we ended up living there eight years. As the Director of a very large branch network, I visited my branch teams regularly, many of which were located in

pedestrian zones. I came to fully appreciate the importance of these zones to each of their respective towns/cities and was thrilled to find a city in the US that offered that same experience. I also know firsthand what happens to such a town/city when that center is no longer a draw. And finally, just as a fun aside, those four children are now millennials with their own children. This gives me an extra dose of insight into their interests - an important perspective as we plan for both the present and future of Burlington.

Thank you for your consideration of my request to continue serving our wonderful city as a member of the Church Street Marketplace Commission.

E-Mail Address: Dale.Azaria@gmail.com

Training or Experience Related to the Commission or Board Post for Which you are Applying:

- I've been working directly on environmental law and conservation issues as an attorney with Conservation Law Foundation. In particular my work for CLF has focused on climate and community resilience. I also work closely with the Lake Champlain LakeKeeper on issues related to clean water and the general health of Lake Champlain. Before CLF I worked for the Vermont Department of Housing and Community Development. One of the major projects I worked on at DHCD was developing proposed updates and modifications to Vermont's landmark land use law, Act 250. In an earlier stage of my career I was General Counsel for Pizzagalli Construction Company (now PC Construction), so I've considered development issues from that perspective as well. Finally, I have a master's degree from the UVM Rubenstein School of the Environment and Natural Resources, in which much of my work focused on land use and planning.

Current Occupation: Senior Fellow (Attorney) for Conservation Law Foundation

Education (list most recent first):

School	Location	Year/Degree
UVM Rubenstein School of the Environment and Natural Resources	Burlington, VT	M.S. 2011
NYU Law School	New York, NY	J.D 1990
Harvard University	Cambridge, MA	B.A. 1986

What do you hope to accomplish as a Commissioner/Board Member?

- My goal as a Conservation Board Member would be to help the City maintain the critical and very challenging balance between environmental protection and human needs, especially the human need for housing.

How did you learn of the opportunity/opening to serve on a Board/Commission?

- City Website

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

- Ward 6 NPA Steering Committee, 2022-present
- Community Development Block Grant Advisory Board, 2024-2025

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

List Two References:

- Julie Silverman, Lake Champlain LakeKeeper, Conservation Law Foundation
 - jsilverman@clf.org
 - 802-399-0150
- Representative Tiffany Bluemle, Vermont House of Representatives, Chittenden 13
 - tbluemle@leg.state.vt.us
 - 802-238-5907

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

- Please see my resume (attached). As a 30-year resident of Burlington I'd love the opportunity to put my skills and experience to work towards keeping Burlington a healthy, resilient, and vibrant place to live.

DALE ELLEN AZARIA

792 South Prospect St., Burlington, Vermont * (802) 735-7359 * dale.azaria@gmail.com

PROFESSIONAL EXPERIENCE:

125 MAY 2 PM 12:46

Conservation Law Foundation 2019 - present

Senior Fellow 2019 – 2022, September 2023 - present

- Reviewed the housing initiatives of a regional environmental organization to identify gaps, priorities, and opportunities throughout New England.
- Research and analysis to identify and implement the organization’s priority initiatives regarding climate resilience in Vermont. Advocated for key strategies to the Vermont Climate Council and various subcommittees.
- Research and thought leadership on rural transportation.
 - Preceptor for Vermont Law School and Yale University project on environmental justice, climate change, and the future of rural transportation
 - Advocate for key transportation strategies to the Vermont Climate Council and various subcommittees.

Interim Vice President, Environmental Justice April 2023 – August 2023

- Supervised a team of 15 advocates at a regional environmental non-profit focused on climate justice, transportation justice, zero waste initiatives, and lead poisoning prevention during the search for a new permanent leader for the program.
- Established legislative priorities and strategies for a state-by-state approach to climate and environmental justice.

Interim Vice President, Vermont November 2022 - April 2023

- Supervised a team of 6 advocates working in Vermont on clean energy and climate change, clean air and water, community resilience, and sustainable agriculture while the permanent VP was on parental leave.
- Engaged with advocates and state regulators on the development of state regulations to promote clean water by reducing pesticide use and strengthening wetlands protections.

State of Vermont Department of Housing and Community Development 2013 - 2019

General Counsel

- Advised Vermont’s State Historic Preservation Office and Community Development Block Grant program on compliance with all applicable laws, regulations, and obligations.
- Drafted legislation, testimony, and bill reviews on issues including land use, community development, fair housing and housing development, and historic preservation.
- Represented the Department in proceedings before the Public Utilities Commission and State Environmental Court.
- Led the Department’s efforts to affirmatively further fair housing.
- Prepared all grant agreements and reviewed financing documents for Community Development Block Grants, municipal planning grants, and historic preservation grants.
- Oversaw all responses to public records requests.
- Advised boards and commissions on compliance with Vermont’s Open Meetings Law.

Pizzagalli Construction Company

South Burlington, Vermont

General Counsel

2003 - 2007

Staff Attorney

1995 - 2003

- Provided legal advice and guidance to the key executives of a top-100 general construction and construction management company.
- Drafted, negotiated and/or reviewed all of the company's construction contracts, some of which were for multi-year, \$100 million plus projects.
- Settled several major claims through mediation, including a multi-party, multi-million dollar claim that involved the owner of a major project, the architect, the engineer, and other interested parties.
- Oversaw buy-out of the majority shareholders by an Employee Stock Ownership Program.
- Advised the company and developed compliance programs for employment law, including code of conduct, non-discrimination and drug testing.

EDUCATION:

25 APR 2 10 2 AM

Univ. of Vermont, Rubenstein Sch. of the Env't and Natural Resources, M.S.

New York University Law School, J.D.

Harvard College, B.A.

OTHER EXPERIENCE AND AFFILIATIONS:

Ward 6 Neighborhood Planning Association, Steering Committee	2022 - present
Local Motion, Board of Directors (incl. one term as chair)	2016 - 2022
Vermont Stage Company, Board of Directors (incl. one term as chair)	2010 - 2016

*Admitted to the bars of Vermont, New York, and Washington DC.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I hold a master's degree in plant biology from the University of Vermont Field Naturalist Program, which trains conservation professionals to interpret the pieces, patterns, and process of the landscape. The program emphasizes systems thinking and communication—equipping students to identify conservation needs, engage communities, and develop practical, science-based strategies. I currently serve as the Resilient Lands Coordinator in the Vermont Climate Action Office, where I work across agencies to advance nature-based solutions for climate resilience.

Current Occupation: Resilient Lands Coordinator in the Vermont Climate Action Office

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington, VT	M.S. Plant Biology - 2024
University of Vermont	Burlington, VT	Certificate, GIS and Data Communication, 2024
University of Maryland	College Park, MD	B.S. Biochemistry, 2016

770000-2800
What do you hope to accomplish as a Commissioner/Board Member?

I hope to support thoughtful, ecologically informed land use decisions that protect Burlington's natural areas and strengthen community resilience. I aim to bring my background as an ecologist and in climate resilience to the review of site plans, policy recommendations, and the implementation of the Open Space Protection Plan. I'm especially interested in helping the board elevate the role of nature-based solutions in local planning and ensure that conservation efforts reflect both environmental priorities and community values.

How did you learn of the opportunity/opening to serve on a Board/Commission?

From the notice of vacancies on the Burlington city website

Have you served as a Burlington City Commissioner/Board Member in the past? No
If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

Professional Experience

State of Vermont | Climate Action Office | Montpelier, VT | July 2024 – Present

Resilient Lands Coordinator

- Serve as the natural and working lands lead in the Climate Action Office.
- Identify climate resilience needs and evaluate the sufficiency of currently available funding across State government.
- Build strategic partnerships with state programs and NGOs in the natural and working lands sector.
- Support the Agriculture and Ecosystems Subcommittee in advancing the update to the Climate Action Plan.

Mad River Valley Knotweed Project | Waitsfield, VT | May 2024 – July 2024

Project Coordinator

- Managed and mentored a team of six UVM interns on knotweed control and ecosystem restoration.
- Coordinated fieldwork, scheduling, and safety for a multi-town conservation initiative.
- Designed and deployed a streamlined GIS database and field mapping system to guide on-the-ground work.

State of Vermont | Vermont Emergency Management | Waterbury, VT | February 2024 – May 2024

Hazard Mitigation Intern

- Supported the advancement of projects financed by the Flood Resilient Communities Fund and FEMA.
- Facilitated the transformation of flood resilience scoping projects into implemented solutions with municipalities.

University of Vermont | Burlington, VT | August 2022 – December 2023

Graduate Teaching Assistant

- Prepared 3-hour weekly lab sessions tailored to students' needs, enriching learning experiences.
- Oversaw and guided undergraduate teaching assistants, fostering their development of teaching skills.
- Cultivated an interactive learning environment, delivering instruction via lectures, discussions, and demonstrations.

Longwood Gardens | Kennett Square, PA | April 2021 – June 2022

Assistant Ecology Technician

- Implemented integrated pest management strategies to control and remove invasive plant species.
- Planted native trees, shrubs, and herbaceous vegetation for habitat restoration.
- Collected and analyzed ecological data, assessing the impact of invasive species management.
- Constructed, monitored, and maintained trail systems, ensuring visitor safety and trail sustainability.
- Coordinated volunteer efforts and provided educational outreach on environmental stewardship.

Pennypack Farm and Education Center | Horsham, PA | May 2021 – October 2021

Seasonal Groundskeeper

- Performed comprehensive groundskeeping tasks, including field mowing, to maintain the aesthetic of the farm.
- Assisted farmers with harvesting, weeding, and thinning of crops.
- Operated a variety of agricultural machinery, including tractors, to perform essential farm maintenance.

National Ecological Observatory Network | Battelle | Front Royal, VA | February 2020 – November 2020

Field Technician

- Performed rigorous field assignments in compliance with standard operating procedures to ensure data integrity.
- Conducted comprehensive plant diversity surveys, tracking annual species variations and ecological patterns.
- Documented phenological phases of various plant species, capturing data on seasonal transitions.
- Measured litterfall production and stocks of downed woody debris, contributing to forest floor ecological assessments.
- Collected and meticulously processed soil and belowground biomass samples.

The Great Basin Institute | Plumas National Forest | Quincy, CA | May 2019 – November 2019

Forestry Technician

- Selected trees for harvest, adhering to silvicultural prescriptions and ecological forest management practices.
- Identified tree species, diseases, and defects critical to the selection of harvest trees.
- Managed data collection and operated electronic field recorders for further forestry analysis.
- Designated timber sale areas and established boundaries for operation.
- Used standard forest measurement tools such as diameter tape, clinometer, prism, and compass.

Appalachian Trail | Georgia to Maine | April 2018 – August 2018

Thru-Hiker

- Achieved goal of thru-hiking 2,200 miles of the Appalachian Trail.
- Adhered to Leave No Trace principles in the backcountry, minimizing environmental impact throughout the trek.
- Exhibited sustained determination and adaptability under challenging conditions across diverse terrains.

MedStar Health – Simulation Training and Education Lab | Washington, D.C. | August 2016 – March 2018

Simulation Specialist

- Coordinated medical simulations and training, enhancing healthcare professionals' procedural skills and preparedness.
- Developed and created instructional videos to guide the use of medical simulation equipment.
- Instituted a preventative maintenance program and managed the upkeep of over 300 medical simulation devices.
- Oversaw inventory management for the simulation center to ensure the availability of essential supplies and assets.

Education

University of Vermont | Burlington, VT | May 2024

Master of Science (M.S.), Plant Biology – Field Naturalist Program

University of Vermont | Burlington, VT | March 2024

Professional Certificate, Geographic Information Systems (GIS) and Data Communication

Colorado State University | Fort Collins, CO | May 2022

Graduate Certificate, Conservation Actions with Lands, Animals, and People

University of Maryland | College Park, MD | May 2016

Bachelor of Science (B.S.), Biochemistry

American Chemical Society Certification

Projects

University of Vermont | Burlington, VT | January 2023 – May 2024

Mass Audubon Forest Resilience and Vulnerability Assessment

- Extended Mass Audubon's forest resilient monitoring to assess the current and future vulnerability.
- Measured important ecosystem variables, including understory plant diversity, tree regeneration, and herbivory.
- Mapped critical zones using ArcGIS for targeted restoration over 10,000 acres.

Ecological Health Network | Burlington, VT | February 2024 – December 2024

Framework and Priority Species Approach for Ecological Restoration

- Created a comprehensive database for The Nature Conservancy of native trees of New York.
- Implemented a prioritization framework to rank species attributes for targeted areas of restoration.
- Authored a report to facilitate resource accessibility and knowledge sharing.

Longwood Gardens | October 2023 – December 2024

Phenologically Obvious (“Phenobvious”) Database and Calendar

- Assembled a comprehensive database of invasive terrestrial plants from mid-Atlantic states.
- Identified phenological phases of species to highlight seasonal visibility for field scouting.
- Developed a phenological calendar using iNaturalist data, aiding land restoration practitioners in management.

May 7, 2025

To the Burlington City Council and Conservation Board Appointment Committee,

I am writing to express my sincere interest in serving on the Burlington Conservation Board. As a doctoral student in Natural Resources program at the University of Vermont Rubenstein School with a professional and academic background in environmental science, ecological governance, and land use, I am enthusiastic about the opportunity to support Burlington's conservation and land management efforts through this meaningful civic role.

My experience spans both applied and theoretical environmental work. I currently serve as a research assistant within the Rubenstein School, working on the development of "Energyshed" (akin to the conceptual understanding of a watershed or foodshed, but pertaining to energy systems) modeling to promote equitable renewable energy transitions in rural Vermont. My academic training also includes a Master of Science in Bioeconomy, Innovation, and Governance from the University of Edinburgh, and a bachelor's degree in Maritime Studies with a minor in Anthropology from the University of Connecticut. These interdisciplinary credentials have equipped me to thoughtfully consider the scientific, legal, policy, and cultural aspects of environmental planning and conservation.

Beyond academia, my previous roles have demanded deep engagement with land and water systems, from analyzing flood risk reduction strategies to conducting biological sampling in the Long Island Sound and auditing sustainability practices in hydroponic farming. I have worked closely with municipal data, conducted site assessments, and interpreted maps and spatial data using ArcGIS and remote sensing tools. These skills directly align with the qualifications sought by the Conservation Board.

Equally important, I bring a spirit of collaboration and public mindedness to all my work. I currently serve as President of the Rubenstein Graduate Student Association and am an active member of the UVM Graduate Student Union and International Workers Caucus. These roles have taught me how to build consensus across different interests, prioritize equity, and represent diverse voices in decision-making processes.

I would be honored to support Burlington's environmental goals through this appointment. Thank you for considering my application. I welcome the chance to discuss my qualifications in more detail and to learn more about the important work of the Conservation Board.

Sincerely,
Francis Guarascio

Francis Guarascio

409 S Union Street, Burlington, VT 05401

Francis.Guarascio@uvm.edu

Education

University of Vermont

Doctor of Philosophy, Natural Resources

Date of Degree: *In Progress*

University of Edinburgh

Master of Science, Bioeconomy, Innovation, and Governance

Honors: Graduated with merit

Date of Degree: November 2023

University of Connecticut

Bachelor of Arts, Maritime Studies

Minor, Anthropology

Honors: *summa cum laude*

Member of the Phi Beta Kappa society

Date of Degree: December 2021

Work Experience

Rubenstein School of Environment and Natural Resources Research Assistant August 2023 - Present

- Advisor: Dr. Bindu Panikkar
 - Facilitating the theory, design, and application of an Energyshed in rural Vermont
 - Conducted 143 interviews across three towns in rural VT on perceptions of renewable transitions

Rubenstein School of Environment and Natural Resources Teaching Assistant August 2023 - Present

- Courses
 - Natural Resources 3050: Ecosystem Management Integrating Science, Society, and Policy
 - Natural Resources 2040: Social Processes and the Environment

Practical Action (NGO)

April 2023 – August 2023

- Conducted research on behalf of a MSc. Placement Based Dissertation on practices and strategies for using ecosystem-based disaster risk reduction and nature-based solution for mitigating catastrophic floods and landslides in Nepal and Bangladesh.

Bowery Farming Agriculture Technician

February 2022 – August 2022

- Aided in the facilitation of crop production in an indoor, fully sustainable, hydroponic, vertical farm
- Conducted weekly mold, drought, algae, temperature, humidity, and light intensity audits
- Assisted in the installation and maintenance of experimental irrigation and fertigation water systems
- Conducted water health and chemical analyses of the irrigation system recording EC, pH, and Fe content
- Monitored the germination of seedlings, transplanting, and harvesting of mature crops
- Performed data collection and image audits to proactively identify crop issues such as chlorosis
- Prepared weekly yeast, mold, and aerobic bacteria plate counts for each water system and performed microscopic examinations looking for high pythium content

NOAA Atlantic States Marine Fisheries Commission Field Researcher

July 2021 – February 2022

- Conducted interviews for the Access-Point Intercept Survey research study sponsored by NOAA (The National Oceanographic and Atmospheric Administration)
- Identified finfish to their species and genus
- Collected demographic and social data collected from Connecticut fishermen
- Conducted seining as a method of biological sampling and subsequent identification of juvenile finfish in the Long Island Sound
 - Recorded weights and lengths of catch
 - Identified trends in the data with comparison to previous years

University of Connecticut Student Lab and Field Analysis Assistant August 2021 - December 2021

- Member of the University of Connecticut’s Coasts Unite Our Countries project collaboration with students from Saint Petersburg State University
- Contributed to a photography exhibit at the Alexey von Schlippe Gallery featuring Coastal Connecticut
- Collaborated with a team of American and Russian colleagues to create online Quests including:
 - Site relevant informative content
 - Archival photos and images
 - Input for the online “Quest” user interface

Yale Peabody Museum of Natural History, New Haven, CT March 2018 - August 2018

- Archives Assistant in Department of Paleobotany working under Dr. Shusheng Hu
 - Photographed fossilized Triassic and late Cretaceous floras.
 - Analyzed and organized collections from the Petrified Forest
 - Photographed cycadeoids
 - Contributed to the construction and organization of digital paleobotany archives

Connecticut River Museum, Essex, CT January 2018 - June 2018

- Archives Assistant in Archives and Collections working under curator Amy Williams
 - Cataloged artifacts from the British Raid on Essex in 1814
 - Provided transcriptions of customs documents from the New London Customs House
 - Created a comprehensive key to facilitate the understanding of archaic units of measure

Leadership Positions

President of the Rubenstein Graduate Student Association May 2025- Present

University of Vermont Graduate Student Union Organizing Member August 2024- Present

University of Vermont International Workers Caucus Organizing Member December 2024- Present

Leadership for the Ecozoic November 2023 - Present

- Actively contributes to dialog on how to work towards a future where humans live symbiotically with ecosystems.

Assistant Program Representative for the MSc. in Management of Bioeconomy, Innovation, and Governance

2023 September 2022 - November

- Gather and communicate views from my peers on various aspects of the course.

- Aim to improve the learning experience for current and future students.
- Issue feedback on aspects of the program which my classmates feel works well.
- Issue feedback on concerns and issues which may affect the student experience.
- Report back to classmates on discussions that take place at staff-student liaison and other meetings and share information about any resultant action.

University of Connecticut Scuba Club Officer
2021

September 2021 – December

- Worked on behalf of the club with university administration and student government to secure funds for club dives, new gear, and the maintenance of dive equipment.
- Inspected gear to ensure safe diving operations.
- Actively participated in shipwreck and scientific diving symposiums

University of Connecticut First Year Experience Mentor

June 2019- January 2020

- Presented goal setting strategies and time management skills
- Organized and led students with small watercraft construction
- Acted as a mediator between students and professors.

Mentor for Maritime Studies Majors

May 2020- May 2021

- Provided information on the Maritime Studies program to aspiring students
- Collaborated with Maritime Studies faculty on outreach to prospective students

Conferences Attended

Energy Justice in Your Community at Dartmouth College

September 2024

- Spoke on a panel on Energy Justice in Rural Vermont

Royal Society of Edinburgh Oceans and Us- Scientific Knowledge Across Jurisdictions

September 2022

Diving Skills and Assets

- American Academy of Underwater Sciences Scientific Diver
- British Sub Aqua Club Sport Diver
- Scuba Diving International Certified Rescue Diver
- Technical Diving International Nitrox Certified
- Diver's Alert Network Oxygen Administration
- American Red Cross CPR/AED
- American Red Cross First Aid

Marine Science Skills and Assets

- Experience water sampling for salinity, dissolved oxygen, pH, and temperature
- Microscopic plankton examination
- Plankton identification
- Microscopic sand examination
- Benthic oceanographic analysis
- Competent in chart plotting, triangulation, and the use of GPS technologies
- Experienced in conducting biological sampling with trawl nets

Computer Skills and Assets

- Intermediate proficiency of ArcGIS
- Intermediate proficiency in R
- Experience in Mode
- Some experience coding Python
- Some experience coding JavaScript
- Proficient in Microsoft Suite including Excel
- Proficient in Google Suite

Brandeis University	Waltham, MA	2/200 / Cultural Production MA
School for International Training	India/Bhutan	Spring Semester 2005 - 7 th degree
UVM	Burlington, VT	2006 / Theatre MA

What do you hope to accomplish as a Commissioner/Board Member?

Share knowledge and work as a team to support the conservation of Burlington's natural areas. Work towards protecting + stewarding a healthy lake. I hope to learn + grow from working with others in our community towards a shared goal of protecting our loved local + lake.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I noticed many Vermont Master Naturalists also serve on local conservation commissions so researched auro. Reached out to fellow VMN grad - Julie to learn more.

Have you served as a Burlington City Commissioner/Board Member in the past? NO

If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? Yes If so, please explain:

My husband Max Madalinski is a Parks Project Coordinator.

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

Grateful for the opportunity to apply and be considered. Please see attached Resume + letter.

Signature:  Date: 5/12/2025

The City of Burlington encourages persons from diverse backgrounds to apply to serve on boards, commissions and committees. The City is committed to providing equal opportunity to all persons without regard to political affiliation, race, color, religion, age, sex, sexual preference, national origin, disability or any other non-merit factor.

May 13, 2025

Dear City Councilors,

I'm reaching out to you with sincere interest in joining the Burlington Conservation Board. I am a resident of Burlington and recent graduate of the Lower Winooski Vermont Master Naturalist Program. I believe my experiences in outdoor education and my personal interests in ecology will help serve the committee in its efforts to protect our natural areas. Please consider nominating me for an open position.

In my current role as Program Director for the Outdoor Experience Learning Community at UVM, I bring many of our students to our natural areas to cultivate a sense of belonging and stewardship through a place-based educational approach. The intention imbedded in my work is that if one develops a deeper understanding of a place, this connection will grow into a desire to protect. Recently, my relationship to Burlington natural areas has deepened with my participation in the Vermont Master Naturalist program where we learned to "read the landscape" through deep time, from bedrock to the flora and fauna, spending many hours in Burlington's conserved lands. As an educator and steward of our environment, I'm moved to be of service in ways that sustainably and responsibly protect our lands over the long haul.

As a member of the Board, my experience as both an educator, student, and naturalist in our wild places will help inform our work. My expertise is that I know a little bit about a lot of things, especially when walking through the woods and I'm always eager to learn more. I greatly enjoy researching and examining old records and maps. As a part of a team, I'm a thoughtful communicator and listener, experienced in non-violent communication and restorative practices and familiar with navigating conflict when working towards a common goal or project.

I'm grateful for your time in consideration! I'm sharing my resume as well as a copy of my application for your reading pleasure! Please reach out to me if you have any questions.

Sincerely,

Leigh Madalinski

Dear Members of the City Council,

I am writing to express my interest in serving on the Burlington Design Advisory Board (DAB), the Housing Board of Review, and Police Commission. As a long time Burlington visitor and downtown resident with experience in government affairs and current studies in community development, I believe I possess a blend of skills and perspectives valuable to each role.

My academic focus provides a strong understanding of urban planning and equitable development, including the principles of thoughtful design and the importance of fair housing regulations. My professional background has honed my abilities in policy review, regulatory frameworks, and effective communication with diverse stakeholders. Additionally, my personal experiences – from navigating the rental landscape and engaging with both renters and landlords, to gaining insight into military and law enforcement perspectives through my family – have shaped my understanding of the varied needs and challenges within our community.

Specifically, I am drawn to:

- The DAB's role in shaping Burlington's built environment through design review and historic preservation (HPRC).
- The Housing Board of Review's responsibility in ensuring fair and impartial resolution of housing matters, particularly concerning minimum housing standards and security deposit disputes.
- The opportunity to contribute to the effective management and accountability of the Burlington Police Department, especially in areas of policy review and disciplinary appeals.

I am committed to serving each board with diligence, impartiality, and in accordance with all applicable laws and standards. I believe my analytical skills, community-oriented perspective, and dedication to Burlington would be assets in these roles.

Thank you for considering my application.

Sincerely,

Zachary R.R. Cummings

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have held a seat on the Development Review board since 2020. I also spent some of that time representing the DRB on the Ordinance Committee. I am currently Vice Chair of the DRB. Beyond that, I am a homeowner in Burlington and have navigated the permitting process in that capacity as well. I am well versed at reading plans and leveraging the Ordinance to inform my vote on DRB matters.

Current Occupation: VP of Growth (Sales)

Education (list most recent first):

School	Location	Year/Degree
Dartmouth College	Hanover, NH	BA in Spanish - 2010
Woodstock Union High School	Woodstock, VT	Graduated 2006

What do you hope to accomplish as a Commissioner/Board Member?

I hope to continue my role in ensuring that all zoning applicants are treated fairly and that the Ordinance is equitably applied to all applicants.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I was originally made aware of the role by Zoraya Hightower, now as an existing member, I was alerted by staff that my term was coming to an end.

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

Development Review Board - 2020 - Present
Ordinance Committee representative as member of DRB - 2021-2024
Vice Chair - Development Review Board - 2022-Present

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

List Two References:
Zoraya Hightower - Former Ward 1 City Councilor

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have served as an Alternate on the DRB since 2023, from July 2023 to January 2024 I fulfilled the role of a full board member, since we were 1 seat short at the time. Since then I've still sat for many DRB meetings and was elected to be the DRB member for both the long range planning committee in 2023-2024 and the Ordinance Committee in 2024-2025. I'm also very familiar with our zoning ordinance both as a member of the DRB and housing advocate.

Current Occupation: Software Engineer

Education (list most recent first):

School	Location	Year/Degree
UVM	Burlington, VT	2014
Greenwich High School	Greenwich, CT	2008

What do you hope to accomplish as a Commissioner/Board Member?

I'd like to continue the important work of creating new housing and comercial oppourtunities that will help to make

Burlington an amazing diverse place with housing and economic opportunities for all. I also will continue to

push for more thought and care around multi-modal transportation options in our new buildings when feasible.

I'm would be honored to be able to have a hand in seeing our housing policies come to fruition.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Mary encouraged me to apply for a full seat.

Have you served as a Burlington City Commissioner/Board Member in the past? Yes

If the answer is yes, please list any and all appointments and dates you served.

2023-current DRB alternate

2023-2024 Long Range Planning Commission

2024-current Planning Commission Ordinance Committee

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I think my record on the DRB speaks to my ability to balance resident concerns with the needs for more housing, and for the need to evolve the city. I also think I have done a great job of putting away my own personal biases and feelings while making rulings, and following the letter and intent of our zoning code.

What do you hope to accomplish as a Commissioner/Board Member?

I have two goals. One is to become even more familiar with the standards and challenges faced by our development. I would like to use this knowledge to inform my advocacy for a better Burlington. My other goal is to simply help out the city with service on a topic I find interesting.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Word of mouth / Referenced

Have you served as a Burlington City Commissioner/Board Member in the past? No
If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

List Two References:

Evan Gould - Existing DRB member - Dcentauri@gmail.com

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington, VT	MPA, expected June 2026
McGill University	Montreal, QC	BA, 2019

What do you hope to accomplish as a Commissioner/Board Member?

I would like to help provide the oversight required to ensure that while Burlington has a housing supply that meets demand, that new construction occurs in such a way that ensures our city has the highest standard of urban living in the country. I believe that using my ability to interpret and communicate on public policy issues to address this critical balance of growth and regulation would be one of the best ways in which I could serve the city.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I try to stay up to date on municipal policy and am aware that boards and commissions are a key part of that.

Have you served as a Burlington City Commissioner/Board Member in the past? Yes

If the answer is yes, please list any and all appointments and dates you served.

I am currently serving as an alternate for Burlington on the Green Mountain Transit Commission.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No. If so, please explain:

List Two References:

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I worked for 7 years at VEIC where I led a team supporting energy efficiency programs through software and reporting. Our team built software for VT's Demand Resource Plan, reporting to ISO-NE Forward Capacity Market, and general energy efficiency program implementation for Efficiency Vermont, DC Sustainable Energy Utility, and data processing for some BED programs. Through this work I was exposed to utilities across the state, VPPSA, VELCO, and PSD. As a Director and technology person I got broad experience supporting programs across residential, industrial, and commercial sectors.

Additionally, I ran a program to deliver sustainability purchases and personal carbon footprint reporting as a workplace benefit for businesses and non-profits.

Current Occupation: VP of Product, Meal Train

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington, VT	MS, Natural Resource Planning
Rutgers University	New Brunswick, NJ	BS, Environmental Policy

What do you hope to accomplish as a Commissioner/Board Member?

BED is an innovative municipal electric utility that has lead in delivering reliable, clean, and affordable power to residents of Burlington. I would like to continue contributing as a citizen to helping in that effort and in particular the City's Net Zero Energy Initiative, especially as we navigate the challenges of the new federal climate.

I also seek to support any innovative efforts to fight climate change and make sure that equity is prioritized in program and service delivery. The energy transition requires careful management to make sure that underrepresented groups aren't left behind or burdened with unaffordable costs. BED has done good work in this regard and I hope we can do more in the future with more things like auto-enrollment and support for programs and services for renters.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I am a current commissioner reapplying.

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

March 25, 2024 through June 30, 2025 - current term

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

List Two References: Beth Anderson, banders2@gmail.com
Pierre van der Merwe, pvandermerwe@veic.org

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

My experience at VEIC gave me broad and relevant experience as mentioned above, but it also instilled in me the importance of equitable outcomes for energy policy. This experience has been very helpful in my current term as it is a highly varied scope. Second, in my prior work I gained perspective on sustainable energy innovation in areas like smart grid data, smart devices, building energy use reporting, and TRMs. This technical background has been very helpful in being able to understand topics before the commission and be able to ask meaningful questions on behalf of ratepayers and citizens.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have several experiences that help position me for the BED Commission.

- I have been a resident of Burlington for more than 20 years and care deeply about the city, its residents and its ability to be successful in the future.
- I have a degree in public policy (from the University of Washington) and have spent my career working as a transportation planner. I specialize in public transportation and am committed to diversifying reliance on the automobile and creating a sustainable transportation network.
- I spent three years working for VEIC, where I gained familiarity with the energy needs and governance structure in Vermont.
- Serving on the Board for the 6 years also means I am familiar with the opportunities and challenges facing BED in the coming few years.

Current Occupation: Senior Principal, Nelson\Nygaard Consulting Associates

Education (list most recent first):

School	Location	Year/Degree
University of Washington	Seattle, WA	1992/Master of Public Policy
Tufts University	Medford, MA	1986/BA History/Chinese Studies
Pingree School	Hamilton, MA	High School Diploma

What do you hope to accomplish as a Commissioner/Board Member?

There are three areas where I hope to provide oversight and input:

- Net Zero Energy - BED has been an industry leader in the use of renewable energy, but challenges persist, including how the McNeil Plant is viewed/accepted in our community. I'd like to support BED in finding a path that balances competing community needs.
- Financial Sustainability - Burlington is an expensive place to live and even if BED rates are reasonably affordable, I appreciate the opportunity to provide financial oversight/review on key decisions.
- Street Lights - one of the biggest challenges BED encounters is when it changes street lights. I hope to encourage BED to work closely with residents as part of updating/upgrading street lights.

How did you learn of the opportunity/opening to serve on a Board/Commission? I currently serve on the Electric Light Commission and am requesting to continue my service.

Have you served as a Burlington City Commissioner/Board Member in the past? Yes

If the answer is yes, please list any and all appointments and dates you served.

I have served on the Electric Light Commission since 2019 and prior to that served on the Green Mountain Transit Board 2008-2013. I also briefly served on the Vehicles for Hire Commission.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

List Two References:

Darren Springer, General Manager of Burlington Electric Department

Justine Sears, Burlington Resident, Former DPW Commissioner

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary. I enjoy serving on the BED Commission and would appreciate the opportunity to continue my service.

EXPERIENCE

CHIEF FINANCIAL OFFICER • VERMONT AGENCY OF NATURAL RESOURCES • 2024-CURRENT

- Coordinate the development and implementation of a \$341,000,000 annual budget for four business units and over a dozen programs. This requires collaborating with senior leadership, business units, department programs, and the state legislature.
- Oversee fiscal policy and operations for a wide range of projects such as managing federal funds, planning for fee-based funds, supporting the integration of environmental justice into fiscal operations, and leading fiscal outreach and communication efforts.
- Manage the day-to-day operations of the Secretary's Office business unit, including supervision of five staff, and supporting three additional business units to successfully carry out core functions such as accounts payable, accounts receivable, asset management, information technology, and human resources. Lead efforts focused on continuous process improvement across business units to increase efficiency.
- Engage in a variety of special projects as directed by the Agency Secretary and Deputy Secretary. The current project portfolio includes a review of the state land management and administration programs, a comprehensive long-term financial forecasting and analysis for business units, and planning for changes to federally funded programs.

05 APR 14 PM 12:14

POLICY AND SPECIAL PROJECTS MANAGER • VERMONT DEPARTMENT OF FORESTS, PARKS, AND RECREATION • 2023-2024

- Oversaw policy and legislative affairs including the planning, development, and communication phases. Conducted bill monitoring and tracking, reviewed and drafted bill language, researched and analyzed the impacts of legislation, and developed an annual strategic plan. Communication and outreach about legislation was provided to staff and events were coordinated.
- Supported the launch of outdoor recreation grant programs such as the Vermont Outdoor Recreation Economic Collaborative and the Land and Water Conservation Fund. Developed timelines and implementation plans, conducted fiscal analysis of grant appropriations, interpreted federal regulations, and designed application procedures.
- Coordinated the day-to-day operations of multiple initiatives such as drafting a request for proposals for state land lease audits, advancing a new state parks website project, and providing project management support for a proposed U.S. Army Corps of Engineers project on state park land.

DIRECTOR OF ADMINISTRATION • VERMONT FISH & WILDLIFE DEPARTMENT • 2017-2022

- Coordinated strategic plans, operational programs, performance reporting, a \$26,000,000 operating budget and a \$1,000,000 capital budget to ensure objectives and mission were accomplished. Evaluated programs and operations to maximize effectiveness.
- Directed revenue forecasting and planning efforts focused on maximizing funding through fees, donations, and investments. Generated \$1,300,000 in new revenue over three years through statutory changes, direct marketing campaigns, and updated investment strategies.
- Oversaw the creation and implementation of new programs that address high priority objectives such as the changing demographics and values of Vermonters focused on fish, wildlife, and their habitats. This consisted of leading multi-disciplinary teams, organizing meetings, and planning sessions, developing budgets and operational plans, creating communication plans, and generating annual reports.
- Managed legislative planning for capital construction projects, department fees, and licensing operations. Included coordinating programs across the department, developing plans, testifying in legislative committees, and reviewing and tracking legislative bills.
- Supervised the day-to-day operations of the administration division, which included six staff and functions such as financial management, federal grants, budgeting, human resources, procurement, fleet and space management, and social science research.

FINANCIAL MANAGER • VERMONT FISH & WILDLIFE DEPARTMENT • 2013-2017

- Administered the day-to-day operations of the business office, which included developing a \$24,000,000 budget, processing fiscal documents, conducting the fiscal year-end close and supervising five employees.
- Managed the Department's revenue and investment planning over a dozen separate funds and thirty unique funding sources. Each fund required a separate plan based on statutory requirements and the funding mechanism such as legislative appropriation, donations, licensing fees, etc.
- Oversaw the procurement of products and services valued at \$4,000,000 annually, audits of federal grant programs and internal controls, and the management of department assets.
- Conducted monthly review and analysis of financial records including fund and

appropriation balances, division expenditures, revenues, and external accounts. Generated related monthly reports and present information to the department's management team.

FISH & WILDLIFE GRANTS ADMINISTRATOR • VERMONT FISH & WILDLIFE DEPARTMENT • 2012-2013

- Managed the administration of more than twenty grants through multiple funding sources totaling more than \$7,500,000 annually including monitoring compliance with state and Federal regulations, processing grant applications and reports, and providing technical assistance to staff.
- Conducted site visits of grant projects to ensure compliance with Federal audit requirements.
- Administered the fiscal management of Federal grant funds including budget forecasting, monthly audits and reconciliation of expenditures and reimbursements, analyzing program costs and financial reports, and overseeing audit inquiries.

NATURAL RESOURCE SPECIALIST • BUREAU OF LAND MANAGEMENT • 2010-2012

- Managed the desert tortoise and restoration ecology program including supervision of fourteen Student Conservation Association interns, restoring eight acres of denuded habitat per year, conducting research, identifying projects, and facilitating trainings.
- Developed an off-highway vehicle operator's educational program that focused on conservation ethics and responsible riding. This included organizing three annual outreach events, developing brochures, and designing interpretive panels.
- Administered \$2,000,000 of California State Park grant funds including budget development, overseeing the implementation of the grants, accounting procedures, and the review of financial records.
- Maintained the restoration ecology and off-highway vehicle GIS databases, collected GIS features and traffic data, executed queries, analyzed data, and generated reports.

BIOLOGICAL SCIENCE TECHNICIAN (SEASONAL POSITION) • U.S. FISH & WILDLIFE SERVICE • 2010

- Improved 150 acres of waterfowl habitat through repairing water control structures, operating pumps and altering vegetative cover to increase waterfowl populations.
- Implemented invasive species management program to 250 acres through chemical and mechanical methods, reducing quantity of invasive species on refuge wetlands by 70%.
- Collected data on vegetative cover and invasive plant populations for GIS database.

ENVIRONMENTAL VOLUNTEER • U.S. PEACE CORPS • 2007-2009

- Coordinated restoration projects with community partners including government officials, volunteers, and local business owners resulting in the restoration of twenty acres of riparian and wildlife habitat.
- Created curriculums, developed budgets, arranged logistics, and educated over 300 youth and adults at twenty environmental seminars and camps.
- Drafted protected area management plans, organized community meetings, and trained 45 volunteers in the operation of protected areas and endangered species management, resulting in a fruit bat eco-tourism project and sea turtle recovery program.
- Conducted biological assessments for coral reef health, fish abundance and diversity, seabirds, and GPS data collection with members of Conservation International-Philippines.

HAZARDOUS WASTE OPERATOR • CHITTENDEN SOLID WASTE DISTRICT • 2005-2007

- Maintained more than 400 client accounts in PARADOX database to monitor compliance with regulations and formulate reports.

25 MAR 14 PM 2:15

- Assisted 6,000 customers and organized the shipment of 500,000 pounds of hazardous waste per year by scheduling pick up dates, categorizing waste, and completing shipping documents.

APPLICATION FOR: FENCE VIEWER

(Please fill out a separate application for each post)

****Vacancies on the Board for Registration of Voters still require your political affiliation****

Full Name: Shay Totten Ward: Two

Residence: 197 North Ave ****Political Affiliation***

Are you a registered Burlington Voter? Yes

Phone (home): _____ Phone (work): _____ Phone (cell): (802) 324-3198

E-Mail Address: shay@burlingtontelecom.net

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have direct experience as Fence Viewer, a position I've held, off and on, here in Burlington since 2012.

During my time as a Fence Viewer, I have enjoyed helping neighbors mediate small fencing, hedge, and leaning tree, disputes – mostly by listening to the concerns of both parties and acting more as a third-party mediator than any kind of city enforcer. Because, as fence viewers our "powers" are limited.

Current Occupation: Director, Alumni & Constituent Engagement, Bennington College

Education (list most recent first):

School	Location	Year/Degree
Bennington College	Bennington, VT	1991 / BA
North Country UHS	Newport, VT	High school diploma

What do you hope to accomplish as a Commissioner/Board Member?

I've noted this before, but as famous Vermont poet Robert Frost once wrote, "Good fences make good neighbors." I do believe that most of the issues that arise for a fence viewer come down to being a good listener and someone who can help mediate a situation. My hope is to keep neighbors happy with each other and to help open up better channels of communication between them. And to direct them to other city, or private, resources to solve their distinct issue.

How did you learn of the opportunity/opening to serve on a Board/Commission?

As noted, I've previously served as a Fence Viewer

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

I've served as a Fence Viewer – almost continuously – since 2012

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No _____ If so, please explain:

List Two References:

Ali Dieng (802) 318-2527

Lauren-Glenn Davitian (802) 777-7542

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I want to reiterate that it has been an honor and joy to serve as a fence viewer. While an arcane, and limited position with even more limited power, it's rewarding to meet people and help them connect with their neighbors & problem solve their unique issue.

Signature: Shay Totten

The City is committed to providing equal opportunity to all persons without regard to political affiliation, race, color, religion, age, sex, sexual preference, national origin, disability or any other non-merit factor.

Dear Members of the City Council,

I am writing to express my interest in serving on the Burlington Design Advisory Board (DAB), the Housing Board of Review, and Police Commission. As a long time Burlington visitor and downtown resident with experience in government affairs and current studies in community development, I believe I possess a blend of skills and perspectives valuable to each role.

My academic focus provides a strong understanding of urban planning and equitable development, including the principles of thoughtful design and the importance of fair housing regulations. My professional background has honed my abilities in policy review, regulatory frameworks, and effective communication with diverse stakeholders. Additionally, my personal experiences – from navigating the rental landscape and engaging with both renters and landlords, to gaining insight into military and law enforcement perspectives through my family – have shaped my understanding of the varied needs and challenges within our community.

Specifically, I am drawn to:

- The DAB's role in shaping Burlington's built environment through design review and historic preservation (HPRC).
- The Housing Board of Review's responsibility in ensuring fair and impartial resolution of housing matters, particularly concerning minimum housing standards and security deposit disputes.
- The opportunity to contribute to the effective management and accountability of the Burlington Police Department, especially in areas of policy review and disciplinary appeals.

I am committed to serving each board with diligence, impartiality, and in accordance with all applicable laws and standards. I believe my analytical skills, community-oriented perspective, and dedication to Burlington would be assets in these roles.

Thank you for considering my application.

Sincerely,

Zachary R.R. Cummings

What do you hope to accomplish as a Commissioner/Board Member?

Public libraries are one of the most valuable things that local governments manage in America. Libraries
are stores of knowledge, providing an accessible way for people of all backgrounds to find books and other
media to enrich their lives, as well as providing residents a free way to build community. I want to ensure
that the Burlington libraries continue to provide this essential service to Burlingtonians, find new ways to
help the community, and support library staff.

Burlington, VT

TITLE IVE CHILD WELFARE TRAINEE PROJECT COORDINATOR

Manager for a federally funded program to support social work students preparing for employment in child welfare.

- Conducted educational and training seminars.
- Advised trainees and monitored academic progress.
- Created publications for recruitment and program orientation.
- Coordinated program administration and served as project liaison between the university and state agency.
- Developed and maintained knowledge of child welfare scholarship.
- Conducted program evaluation studies and prepared reports.

Accomplishments: leadership to enhance the working partnership between UVM and VT DCF, responsiveness to trainee needs and concerns, and a comprehensive evaluation of the project's impact on Vermont's child welfare workforce.

MARCH 2002 - FEB 2012

UVM Dept. of Social Work

Burlington, VT

MSW ADMISSIONS COORDINATOR

Coordinator for admissions process in a graduate program in social work.

- Informed and advised prospective MSW students.
- Developed outreach and publicity for student recruitment.
- Coordinated review process with faculty and graduates admissions office.
- Tracked data and prepared admissions cycle reports.
- Planned events such as student orientation and recruitment meetings.
- Advised faculty on issues related to admissions.

Accomplishments: development of open house event, revision of website and other program publicity materials, improved systems leading to more timely review and decisions, all of which helped to maximize enrollment.

1994-2012

UVM Dept. of Social Work

Burlington, VT

FACULTY FIELD LIAISON

Educational liaison for human services agency field placements for BSW and MSW students.

- Provided guidance and supervision to students and field instructors in their educational roles
- Developed and carried out field education seminars.
- Supported development of learning agreements and process recordings.
- Contributed to field education curriculum development in the academic programs.

Accomplishments: effective relationships between human service agency-based field instructors and education program, developed curricula responsive to student learning needs, and relationships with students that challenged and supported their growth as professionals.

1995-2014

UVM Dept. of Social Work

Burlington, VT

ADJUNCT COURSE INSTRUCTOR

Courses taught:

- Undergraduate Field Seminar, Spring 1995
- SWSS 002-Introduction to Social Work, Fall 2002
- SWSS 302-Social Work in Mental Health, Spring 2004
- SWSS 212-Foundations of Social Work Practice I, Fall 2006
- SWSS 168-Social Work Practice I, Fall 2009
- SWSS 217-Human Behavior in the Social Environment, Spring 2014

2002- 2004

UVM Dept. of Social Work

Burlington, VT

DISTANCE EDUCATION PROJECT COORDINATOR

Manager for a pilot project to provide distance course delivery for the MSW degree to off campus locations.

- Coordinated course scheduling and delivery with interactive television sites.
- Supported faculty and students in the use of technology and electronic library services.
- Provided academic advisement to distance education students.
- Coordinated communication between the academic department and Continuing Education.
- Prepared reports for the university administration and the accrediting body.
- Conducted exit interviews and analyzed results for program evaluation.

1985- 2002

Howard Center

Burlington, VT

MENTAL HEALTH CLINICIAN

Outpatient mental health clinician providing services to individuals, couples, and groups in a community mental health services agency.

- Utilized principles from a variety of theories and approaches, including narrative therapy, cognitive behavioral, DBT, psycho-dynamic, harm reduction, solution- focused, motivational interviewing, and trauma informed theory.
- Provided psychotherapy to clients with a broad range of mental health needs and issues.
- Conducted diagnosis, evaluation and treatment planning.
- Coordinated services with other health care and social service providers.

Accomplishments include the development of a mature clinical practice perspective; comfort and skill with people of diverse ages, life circumstances and problems, cultures and social class backgrounds; leadership in utilizing clinical groups; supervision of social work and counseling psychology student interns.

APPLICATION FOR: Library Commission Board/Commission
(Please fill out a separate application for each post)

Vacancies on the Board for Registration of Voters still require your political affiliation

Full Name: Sally Blanchard-O'Brien Ward: 2

Residence: 36 Crombie St. Apt. 2, Burlington **Political Affiliation**:

Are you a registered Burlington Voter? yes

Phone (home): 802-522-9346 Phone (work): Phone (cell): 802-522-9346

E-Mail Address: salblanch@gmail.com

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have a masters in Library + Information Science and have been working in the library and archives field for over a decade. I am also involved with several professional organizations related to libraries and archives (including the New England Archivists and Society of American Archivists).

Current Occupation: Congressional Papers Archivist, University of Vermont Libraries

Education (list most recent first):

School	Location	Year/Degree
San José State University	San José, CA	2012, MLIS
Skidmore College	Saratoga Springs, NY	2006, B.A. - English

What do you hope to accomplish as a Commissioner/Board Member?

I want to help the library continue its mission to serve the Burlington community. This is an especially important time with the current political climate, residents' feelings about downtown safety, and the library's unique opportunity with upcoming renovations and the current capital campaign. I want to help in supporting and promoting the vibrancy, inclusivity, and relevance of the library during these times.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I already serve and my term is expiring.

Have you served as a Burlington City Commissioner/Board Member in the past? yes
If the answer is yes, please list any and all appointments and dates you served.

Library Commission, since Sept. 2021

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? no If so, please explain:

****Vacancies on the Board for Registration of Voters still require your political affiliation****

Full Name: Carolyn Felix Ward: 7

Residence: 3 Ethan Allen Homestead ****Political Affiliation****: _____

Are you a registered Burlington Voter? Yes

Phone (home): _____ Phone (work): _____ Phone (cell): 802-495-1500

E-Mail Address: carolynrfelix@gmail.com

Training or Experience Related to the Commission or Board Post for Which you are Applying:

Many aspects of my background have provided me with skills and experiences that would be an asset if I were to join the Commission. I have a Master's degree in Sustainable Development, served as an agriculture extension volunteer in Peace Corps, and have been the caretaker at the Ethan Allen Homestead for more than 10 years. I also worked closely with BRPW and other City Departments during my tenure as BTVStat Analyst with the City from 2018-2020.

Current Occupation: Performance Management and Strategic Planning Consultant

Education (list most recent first):

School	Location	Year/Degree
SIT Graduate Institute	Brattleboro, VT	2010
Northern Arizona University	Flagstaff, AZ	2003

What do you hope to accomplish as a Commissioner/Board Member?

Vibrant and thriving public parks and access to recreational activities are vital to the health of our community and an extremely valuable public good. My goals would be to support BRPW to be the best possible stewards for our parklands and to serve as an advocate and educator for my neighbors, fellow residents, and park users - promoting connection, conservation, community.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Former commissioner, Fauna Hurley, informed me of the vacancy

Have you served as a Burlington City Commissioner/Board Member in the past? No
If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

As the caretaker at the Ethan Allen Homestead and volunteer for Winooski Valley Park District, if any requests or approvals arose related to the Ethan Allen Homestead, I would disclose any potential conflicts of interest openly with the commission and BPRW staff.

Statistical Analysis Software Packages: SPSS | QDA Miner

Relational Database Management Systems: Airtable | MySQL | MS Access

PROFESSIONAL MANAGEMENT & ANALYST EXPERIENCE

Director of MEL & Research | USAID Engendering Industries | Tetra Tech. | November 2020 - March 2025

- Led MEL research efforts of \$39M USAID global program to expand women's business participation in male-dominated sectors.
- Partnered with 68+ companies across 39 countries to provide leadership and gender equality training, tailored change management support, gender analysis, and technical support, enabling implementation of gender equality best practices.
- Designed and launched a robust digital data collection and reporting system to measure program results with detailed accuracy.
- Built custom partner dashboards and databases for partner companies to collect, analyze, and distribute accurate data.
- Developed MEL tools and guidance for the Workforce Gender Equality program implemented by the program and its 4 regional university and institutional partners, including course application and registration materials, assessment tools, and surveys.
- Led a team in data collection, research, and analysis efforts to produce 24 extensive baseline assessment reports and 33 final assessment reports for Engendering Industries partner organizations.

BTVStat Analyst | City of Burlington | Burlington, VT | October 2018 - October 2020

- Led a city-wide performance measurement program to optimize city department performance while improving services.
- Worked closely with the Mayor's Office and 18 Department Heads to develop performance metrics and use data and analytics to improve decision-making, operational efficiency, and customer service.
- Served as lead analyst on City's COVID-19 Analytics Team and researched best practices to inform response and recovery efforts.
- Designed and managed the City's Water-based Epidemiology pilot project and reporting dashboard by collaborating with the Water Resources Team, the VT Department of Health, and university researchers to sample wastewater at treatment facilities.
- Launched COVID-19 Dashboard with the COVID-Analytics Team to synthesize key information about the impacts of the pandemic, aid local officials in data-driven decision-making, and help inform residents about local response efforts.
- Led the development of the City's Open Data Policy and implementation strategy and trained Data Stewards from each City Department on data management best practices.
- Co-authored the City's 2018 and 2019 Equity Reports to recommend removal of structural and systemic barriers to inclusion.

Deputy Director of Monitoring, Evaluation & Learning | Lutheran World Relief (LWR) | Baltimore, MD | June 2017 - Sept 2018

- Led a global team of 6 managing overall program monitoring and data quality and technical support across 17 countries.
- Provided technical support to regional programs and country offices and led various efforts to assess performance, evaluate outcomes, improve data quality, and include high-quality insight in program design and strategic planning processes.
- Developed standard operating procedures for Design, Monitoring, Evaluation, and Learning tools and practices.
- Collaborated with diverse stakeholders to define program objectives, benchmarks, key performance metrics, and targets.
- Designed data quality assessment (DQA) tools and procedures to ensure compliance with donor reporting procedures.
- Developed a Responsible Data Management Plan in coordination with the Technology for Development (T4D) Deputy Director to ensure data governance aligned with the Digital Principles, Open Data, and the EU General Data Protection Regulation (GDPR).
- Led an internal learning group to refine and analyze the organization's portfolio of gender-integrated and focused projects.

Burlington Bike Park Coalition - founding member - 2018

Current Occupation: Research Coordinator - Vermont Housing Finance Agency (VHFA)

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington, VT	2019, B.S. Community Development

What do you hope to accomplish as a Commissioner/Board Member?

The commission is in really exciting place in a lot of ways. Over the past five months, we have taken a holistic look at all Parks Dept. operations through the review of Appendix D of the Burlington charter, with an eye towards updating essential parks statute for the first time in several years. Through this, I'm also excited about our work regarding off-leash dogs, which will ultimately lead to city council recommendations and (hopefully) formalization in charter. Through our work on this project, each of the commissioners has become much more aware of our roles and responsibilities as a body - I'm hopeful that we will be able to use this collective knowledge to augment the great work of the Parks Dept. staff and become an even more effective vessel for community engagement within city parks.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Have been a commissioner since 2020

Have you served as a Burlington City Commissioner/Board Member in the past? If the answer is yes, please list any and all appointments and dates you served.

Yes, Parks Commission: 2020 - 2025

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No

List Two References:

Leslie Black Plumeau - Director of Research & Community Relations, VHFA

Thomas DeSisto - Asst. Chair & Lecturer, UVM Dept of Community Development (CDAE)

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I really love being an active member of the Burlington community - I feel like the city and it's people have given me so much that it's an honor to give back. As an avid parks user and city resident without any private green space of my own, I'm so grateful to be able to build community through the Parks Commission. In a time where we feel very divided, parks are an undeniable way to bring people together, particularly neighbors, to see each other as people and to share joy.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

Experience evaluating grant proposals as a program analyst with USDA Rural Development

Extensive personal use of Burlington parks

Multiple years of experience interpreting public policy with Vermont's state government

Current Occupation: Policy Analyst, Vermont Department of Finance & Management

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington, VT	MPA, expected June 2026
McGill University	Montreal, QC	BA, 2019

What do you hope to accomplish as a Commissioner/Board Member?

My goal would be to ensure that Burlington parks are preserved in a such a way as to improve the quality of life for everyone here, regardless of background or ability. I am particularly interested in facilitating events and recreational opportunities that help people in our community be more engaged with one another, and stay healthy by playing outside.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I try to stay up to date on municipal policy and am aware that boards and commissions are a key part of that.

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

I am currently serving as an alternate for Burlington on the Green Mountain Transit Commission.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No. If so, please explain:

Training or Experience Related to the Commission or Board Post for Which you are Applying:

Though I am neither a planner nor an architect, I have a longstanding interest in how the built environment influences the development of cities, especially at the level of the people who live and work in them. My first career was in journalism, and in that work I saw up close how local government works. I have served on the Planning Commission since 2016, and in that time I have worked hard to become familiar with the principles of planning and zoning, the history of planning in the United States (for better and for worse), and to learn the details of Burlington's zoning code. I have also grown to understand that there are often competing demands in planning: Between project advocates and opponents, between the need for affordable housing and financial viability, and especially the law of unintended consequences. Planning is a long-term undertaking, and it can be difficult to strike a balance between having a zoning code that is responsive to the changing needs of residents and market alike.

Current Occupation: Health care researcher

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington	2014, M.S.
Hobart College	Geneva, NY	1986, B.A.

What do you hope to accomplish as a Commissioner/Board Member?

If reappointed, I hope to continue the work I've done over the past nine years with my fellow planning commissioners, in collaboration with the City Council. We enacted form-based code for downtown; worked with the council and other departments to enact permit reform; created an entire new neighborhood in the South End coordinated redevelopment district; and in the Neighborhood Code project, revised the zoning code to allow greater housing unit density in the residential zones. That last effort was especially difficult and rewarding in equal measures. As an engaged citizen rather than a passive resident, I want to help Burlington remain a dynamic, livable city as it grows and evolves. I believe it will be, but only if it accommodates the needs of all the groups that make it a diverse and enriching place: The economically disadvantaged, the middle class, merchants and other businesses, college students, and permanent residents. I especially want to be part of a solution to our ongoing housing crisis.

How did you learn of the opportunity/opening to serve on a Board/Commission?

In 2016 I learned of an opening on the Planning Commission from Bethany Whitaker, a friend who is a professional planner.

Have you served as a Burlington City Commissioner/Board Member in the past? Yes
If the answer is yes, please list any and all appointments and dates you served.

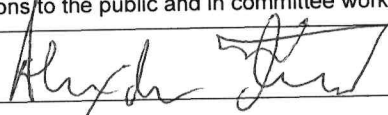

July 2016-June 2019, July 2019-June 2022, July 2022-June 2025

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? None If so, please explain:

List Two References: Brian Pine, Carter Neubiser

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

Since my appointment in 2016 I have aimed to develop a productive working relationship with the mayor and city councilors on planning issues. The City Council Ordinance Committee and the Planning Commission worked together on short-term rentals and on Neighborhood Code, meeting jointly for more than a year in both instances. I volunteered for the committee to select the consultant for the Neighborhood Project; in 2018 and 2019 I served as a mayoral appointee on the city's CDBG advisory committee; and I am currently chair of a couple of committees at the Planning Commission. I look forward to other opportunities to represent the city and its planning functions to the public and in committee work.

The City of Burlington encourages persons from diverse backgrounds to apply to serve on boards, commissions and committees. The City is committed to providing equal opportunity to all persons without regard to political affiliation, race, color, religion, age, sex, sexual preference, national origin, disability or any other non-merit factor.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

As the Executive Director of the Vermont Bar Foundation, I lead statewide efforts to fund and strengthen access to justice for low-income, underserved, and marginalized Vermonters. In this role, I work closely with legal aid organizations, judicial officials, community partners, and advocates to identify and address systemic gaps in our justice system - many of which directly intersect with policing and public safety. I bring a deep understanding of how legal and policy decisions affect the real lives of Vermonters, especially those impacted by poverty, housing insecurity, substance use, mental health crises, and racial injustice.

Previously, I served as a Burlington City Councilor representing Ward 8, where I participated in a police ride along and built strong relationships with public safety leadership, including the fire union. I also served as the Deputy Campaign Manager for Congresswoman Becca Balint, traveling across Vermont and meeting with police and fire departments to better understand public safety challenges and the varying policing priorities in different neighborhoods.

Additionally, I worked as the Business Development Director at the Lake Champlain Chamber of Commerce, where I frequently spoke with Burlington businesses about their public safety experiences - particularly in the downtown core, where I live.

What do you hope to accomplish as a Commissioner/Board Member?

As a Commissioner, I hope to contribute to building a public safety system in Burlington that is transparent, accountable, equitable, and responsive to the needs of all Burlington neighbors. I bring a justice-focused lens from my current role as Executive Director of the Vermont Bar Foundation, where I work to increase access to legal services for vulnerable Vermonters. I understand how systemic issues - like poverty, housing instability, substance use, and mental health - intersect with policing, and I want to help shape policies that reflect that complexity with compassion and clarity.

I also bring the perspective of someone who lives downtown, who has heard directly from residents and businesses about their experiences with public safety. I hope to serve as a bridge between the community and law enforcement - uplifting voices that are often left out of public safety conversations and helping ensure that policies and practices reflect both lived experience and long-term public interest. My goal is to support a Police Department that earns and maintains public trust, prioritizes safety, and continuously improves through oversight and community dialogue.

Have you served as a Burlington City Commissioner/Board Member in the past?

 Yes **If the answer is yes, please list any and all appointments and dates you served.**

- Burlington City Council
- Community Development Block Grant Advisory Board
- Wards 1 & 8 NPA Steering Committee
- Fletcher Free Library Honorary Committee

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

My professional and civic experiences have uniquely prepared me to serve on the Burlington Police Commission. I've worked at the intersection of government, justice, and community needs - from serving on the City Council and engaging directly with public safety leadership, to leading the Vermont Bar Foundation's efforts to expand access to justice across the state. I understand how policing connects with broader systems - housing, health care, the courts - and I bring both a policy perspective and deep empathy for those impacted by these systems.

I've also worked closely with Burlington's business community through my role at the Lake Champlain Chamber of Commerce, where public safety was a frequent and pressing concern.

I care deeply about our community and believe effective public safety requires thoughtful oversight, public trust, and a commitment to continuous improvement. I would be honored to bring my experience, relationships, and dedication to justice to the Police Commission.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

My graduate training is in public health, with a focus on the social and structural determinants of health. Through this work, I have engaged with many issues related to or adjacent to policing, including substance use, homelessness, mental health, intimate partner violence, and poverty. This background helps give me a more rounded view of policing that takes into account the full needs of the community, which would be a beneficial addition to the Commission.

Current Occupation: Health Researcher and Program Director

University of North Carolina at Chapel Hill	Chapel Hill, NC, USA	2006/Bachelor of Arts (International Studies)
School for International Training	Mali, West Africa	2006/Gender and Development program

What do you hope to accomplish as a Commissioner/Board Member?

This is an important moment for the Burlington police department, and, as a community member, I feel invested in how we move forward in meeting the needs of our department as well as the city's diverse communities. As a commissioner, I'd seek to learn, to listen, and to consistently contribute my time and skillset to support the Commission's goals. I'm especially interested in fostering a mutually supportive and trusting relationship between the Department and the city's diverse communities; this work has waned in recent years and yet is critical to ensuring the city effectively meets its public safety goals in ways that are fair, equitable, and transparent. Given that the BPD is a core partner in the city's community safety work, I would like to meaningfully contribute to civilian oversight that improves public trust and bolsters the Department's ability to effectively operate not only on its own, but also alongside other government and community partners. Fundamentally, I see this as an opportunity to support Burlington and to offer service that I feel is commiserate with my abilities.

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I believe it's important that the Commission provides oversight that considers the needs of residents from throughout the city, not only one area. I would prioritize bringing a "city-wide view" to the work, particularly because I meaningfully engage with residents in different parts of the city. For example, I live in the South End, my children attend school in the Old North End (I volunteer with the school as well as serve on the PTO), and I engage in community-based mutual aid work in the Old and New North End areas. I also bring a personal perspective, in that I come from a large military family, and my uncle was a police officer in upstate New York. This is to say that I fundamentally see police as people and members of the community, and I am committed to creating mutually supportive ties between the Department and all Burlington residents. I would also like to learn more about the inner workings of police departments so that I can more effectively engage with other community safety issues. Finally, I understand that the Police Commission can be demanding in terms of time and effort, and this is the type of thing that I excel at. I learn quickly, get along with a wide range of people, handle stress and pressure well, and consistently show up for the projects that I commit to. This is to say I would contribute fully as a Commission member.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have been a resident of Vermont for ~20 years and have had very minimal interaction with law enforcement. I became interested in criminal justice in 2019 when the cases surrounding excessive force in our city first came to a head. I have since been more active in watching not just the city council meetings but also the police commission meetings online, and staying up to date on the Mayor's press releases about public safety. While my beloved neighborhood in the Old North End has seen an increase in crime and distrust, many folks have come together to organize trash pick ups, free pantries etc. I'd like to serve my community by being a voice on this commission. My work practice has taught me to be logical, view things from both a large scale and detailed perspective, and be empathic to varying or conflicting points of view.

Current Occupation: Civil Engineer

Training or Experience Related to the Commission or Board Post for Which you are Applying:
Following six years on the Burlington Electric Commission, I served a three year term on the Police Commission prior to serving in elective office on the Burlington City Council. I served on the City Council Public Safety Committee for three years, including two as Chair. This committee directly interfaces with the police and fire departments and their respective commissions. During that time, there was a full review of the CNA report recommendations for public safety including an exhaustive recommendation matrix, dozens of hours of community and professional input, and a report that was unanimously approved by the City Council. Police leadership and the commission have used these documents to prioritize updating department directives and other practices. I also served on two search committees to hire two police chiefs over the past ten years, have done several ride-alongs and was credited by police and city leadership at the time with shepherding through what was the strongest police union contract in the country in 2022. For many years, I worked to advance what is now known as Burlington CARES as well as an overdose prevention center.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I am applying for the Police Commission. My background is in education leadership, restorative justice, and policy. I worked for the state of Rhode Island in 2013-2016 and one of my primary

responsibilities was working with Juvenile Hearing Boards (or "JHBs", a restorative community based boards with members and police) and launched a Providence-based "Police-Youth Dialogue"

initiative. The goal was to give equal space for learning, growing and teaching each other about ways to positively interact and shift biases we carry. In doing this work, I was heavily

involved in Providence Police Training (the community side), taught a course at the RI State Police Training Academy, and facilitated trainings on restorative justice to our JHB officers.

I attended graduated school and received my MA in Coexistence and Conflict Resolution and a MBA. These skills allowed me to continue my work in schools (NuVu High School in Boston, MA),

specifically centering and uplifting the voices of young people to guide school policy and explore different pathways during moments of conflict.

Current Occupation: Education Consultant

Education (list most recent first):

School	Location	Year/Degree
Brandeis University, Business School	Waltham, MA	2016-2018: MBA
Brandeis University, The Heller School	Waltham, MA	2016-2018: MA in Coexistence & Conflict Resolution
University of Michigan	Ann Arbor, MI	2009-2013: BA in Political Science & Women's Studies

What do you hope to accomplish as a Commissioner/Board Member?

I first want to start from a place of listening and learning. The Burlington community is unique in its size, the passion of its community members, and the challenges the city is currently facing. It feels like a time of transition for the city and I hope to be one little piece of contributing to it. I hope to learn about the policy and structures within the BPD, the initiatives and history about the board, and cohesive set goals for the future. One thing I'm most committed to is having an open and collaborative relationship with both the police department and community. How can we work together to make sustainable change? How can we support the PD to build solid relationships with the community? How can we both advocate for their needs while also balancing the history and biases against police? I want to help strike this balance, but I need to time learning first. I'm looking forward to this process!

How did you learn of the opportunity/opening to serve on a Board/Commission?

I had conversations with friends in Burlington about getting involved, then reached out to Joan Shannon for more information.

Have you served as a Burlington City Commissioner/Board Member in the past? No
If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

Burlington has captured my heart since 2010 . When I moved to the East Coast in 2013, I was determined to ultimately root and build my life here. I spent summers living in Burlington, developing a deep passion for this city. I've also watched it evolve. This past summer, I made a career switch to allow my husband and I to move to Vermont. He was born and raised in Westford, VT and it was our time. We've been renting in Winooski (with intention of buying in Burlington) and we close on our home in June. I love this city and feel so dedicated to its people, its energy and its possibilities. I can't wait to join and learn from a team of passionate advocates!

The City is committed to providing equal opportunity to all persons without regard to political affiliation, race, color, religion, age, sex, sexual preference, national origin, disability or any other non-merit factor.

Dear Members of the City Council,

I am writing to express my interest in serving on the Burlington Design Advisory Board (DAB), the Housing Board of Review, and Police Commission. As a long time Burlington visitor and downtown resident with experience in government affairs and current studies in community development, I believe I possess a blend of skills and perspectives valuable to each role.

My academic focus provides a strong understanding of urban planning and equitable development, including the principles of thoughtful design and the importance of fair housing regulations. My professional background has honed my abilities in policy review, regulatory frameworks, and effective communication with diverse stakeholders. Additionally, my personal experiences – from navigating the rental landscape and engaging with both renters and landlords, to gaining insight into military and law enforcement perspectives through my family – have shaped my understanding of the varied needs and challenges within our community.

Specifically, I am drawn to:

- The DAB's role in shaping Burlington's built environment through design review and historic preservation (HPRC).
- The Housing Board of Review's responsibility in ensuring fair and impartial resolution of housing matters, particularly concerning minimum housing standards and security deposit disputes.
- The opportunity to contribute to the effective management and accountability of the Burlington Police Department, especially in areas of policy review and disciplinary appeals.

I am committed to serving each board with diligence, impartiality, and in accordance with all applicable laws and standards. I believe my analytical skills, community-oriented perspective, and dedication to Burlington would be assets in these roles.

Thank you for considering my application.

Sincerely,

Zachary R.R. Cummings

Training or Experience Related to the Commission or Board Post for Which you are Applying:

In my previous role at Champlain College, I managed the parking system, including enforcement and regulations as well as the College's Transportation Demand Management Programs.

As a Transportation Planner at the CCRPC, I work with municipalities, including Burlington, on transportation planning studies and traffic data collection efforts, which gives me great insight for the planning work that precludes many of the decisions that come before the DPW commission.

Current Occupation: Transportation Planner, Chittenden County Regional Planning Commission

Education (list most recent first):

School	Location	Year/Degree
UVM	Burlington, VT	2019 / BA, Geography
Masaryk University	Brno, Czechia	2017 / Semester Abroad
Oneonta High School	Oneonta, NY	2015 / High School Diploma

What do you hope to accomplish as a Commissioner/Board Member?

As a Public Works Commissioner, I hope to increase utilization and revenue from the City's parking assets. Additionally, I hope to make the city's transportation and parking options more accessible and convenient for all Burlington residents and visitors. I also look forward to working with DPW staff and the Commission on planning and executing changes for municipal recycling.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Word of mouth

Have you served as a Burlington City Commissioner/Board Member in the past? Yes

If the answer is yes, please list any and all appointments and dates you served.

DPW Commission: 2022 - 2025

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have no direct experience in public works. I do have over 50 years of experience as a carpenter and general contractor in California and have held a valid (inactive) General Contractors License in the State of California since 1984. I worked in a very large hospital in Los Angeles for 10 years as a project manager for construction. I have a high degree of interest in exploring alternative methods to address intractable challenges, and the paving means and methods used on our city streets is a perfect example. While cost is always a factor, the long-term health and sustainability of our city's quality of life includes having streets and byways that are passable and not full of potholes, fissures, and other dangerous situations for drivers and pedestrians.

I am also very concerned about the degree of unmonitored speeding on City streets. Sandwiched between South Union and South Willard, my neighborhood is constantly barraged by excessive speeding. This is brazen, dangerous, and while DPW is not directly responsible for fixing this, installation of speed humps on South Union would at least be a deterrent. I have asked about traffic calming measures on South Union for years, with limited success and no visible changes.

Current Occupation: Government Specialist at Mamava, Inc.

What do you hope to accomplish as a Commissioner/Board Member?

In partnership and collaboration with Commission members, the City Council, and concerned citizens, to be an advocate for change in order to strengthen the bonds of our community. This is admittedly a challenging time to be advocating for bold action, but at the same time, our community is demanding it. The degree to which the actual physical infrastructure of our city reflects a commitment to a strong and vibrant community, the DPW Commission has an opportunity to be a beacon of hope for citizens who are rapidly losing their faith in the ability of our systems to address intractable social, economic, and political challenges.

How did you learn of the opportunity/opening to serve on a Board/Commission?

City Counselor Becca Brown-McKnight

Have you served as a Burlington City Commissioner/Board Member in the past? No
If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

Training or Experience Related to the Commission or Board Post for Which you are Applying:

Though I have never received formal engineering training, I have worked as a process engineer for the past ten years, first at OnLogic and now at BETA. I believe this experience of developing and honing processes is directly applicable to understanding and guiding the decision making around public works projects, which I'm passionate about! I currently work as a product (and sometimes project) manager at BETA, I believe this experience will enable me to help build consensus when needed.

Current Occupation: Manufacturing Software Product Coordinator (@ BETA 2021 - Present)

Education (list most recent first):

School	Location	Year/Degree
Bellows Free Academy	St. Albans VT	2009, Diploma
Northwestern Technical Center	St. Albans VT	2009, Certificate

What do you hope to accomplish as a Commissioner/Board Member?

I want to help guide DPW to make the best decisions possible. By applying my engineering and project management background, I believe I can help to rationally evaluate all our options, and help to build consensus around the best ideas. I am especially passionate about public transportation, and I hope to help guide the city to make our streets safer for cyclists and pedestrians. As an avid SimCity player (these days its Cities: Skylines) I understand the value of good maintenance, water, trash and recycling programs as well, and would be excited to help make those programs as effective as possible.

How did you learn of the opportunity/opening to serve on a Board/Commission?

My partner brought it to my attention

Have you served as a Burlington City Commissioner/Board Member in the past? No
If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No If so, please explain:

List Two References:

Blain Newton - Current Manager, CIO at BETA Technologies (802) 310-6548

Danielle Price - Coworker, Manufacturing Engineer at BETA Technologies (304) 365-0855

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

I love problem solving, I am passionate about doing the best work I can with the resources I am given, and I work hard to build consensus on every decision I make. I have run on every street in Burlington (and Winooski!) and seeing the best, and worst, of what our transportation system has to offer has inspired me to apply for this role. In my free time I enjoy reading books about traffic engineering and city planning, which helped me to draw the connection between my engineering skills and this role.

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I grew up working in construction with my father, a carpenter and independent contractor. I studied public administration during my MSc in Geography

Currently, I am studying the energy system in VT at UVM, during my doctoral work. I have been engaging stakeholders, regional planners, town committee

members, and utility company employees through my research. I have experience from my time living in Oakland, CA, working to improve

public infrastructure and empower local governance. I understand that public procurement, zoning, and environmental regulations can

can be complex, and I would like to learn more about the process, and serve my community.

Current Occupation: PhD Candidate in Natural Resource Economics

Education (list most recent first):

School	Location	Year/Degree
High School - Germantown Academy	Ft. Washington, PA	2010
Union College	Schnectady, NY	2014 B.A. in Political Science
University College London	London, UK	2022 MSc in Geography

PhD In Natural Resources, UVM, 2026

What do you hope to accomplish as a Commissioner/Board Member?

I hope to serve my community by representing the interests of my neighbors. I hope to bring my passion for sustainable public infrastructure,

my skills in problem solving, data analysis, and stakeholder engagement, along with my unique perspective to the commission.

As a ecological economist I believe strongly in the power of local governance to improve the quality of life in a community.

My hope is to serve the public good, to collaborate constructively, equitably, and transparently.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have project experience working on teams to realize a common goal both through my 2+ years working as an electrical engineer for Nanya Technologies in Williston and through my education in the electrical engineering program at UVM. Classes in the engineering curriculum targeted project management often, and I feel that this is relevant to the duties of a Public Works Commissioner because it allows a better understanding of how commercial projects function, and offers experience weighing the benefits and drawbacks of decisions which are usually complex and have multiple stakeholders.

In high school I also served as the student member on my town Library Board of Directors which allowed me an early look into municipal decision making and the basics of how public meetings function.

Current Occupation: Electrical Engineer, Design Engineer at Nanya Technology Corporation

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington, VT	BS Electrical Engineering, 2022
Mt. Blue High School	Farmington, ME	High School Diploma, 2017

What do you hope to accomplish as a Commissioner/Board Member?

My goals as a commission member are to advocate for the best financial interests of the general population of Burlington as they relate to public infrastructure, streets, and parking. I especially will encourage maintenance schedules to make sure that we are using our current infrastructure to its full potential before we take on new liabilities. For every decision I will ask myself: "What choices can we make so that this benefits the average Burlingtonian?" The average Burlingtonian is often someone who rents, always someone who walks around our city, sometimes someone who drives in our city, and often someone who bicycles in our city. I will use my experience being a cyclist, motorist, pedestrian, and someone who rents, along with my ideas around municipal finance to make choices that aim to manage financial liabilities with scheduled maintenance and limit new projects that are not in the City's best interest. I want to help make Burlington a more financially resilient city as well as an even nicer place for people to live in and visit, and I think I can make decisions on the Commission that move in that direction.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I learned of the openings on the Commission through current commissioners by attending Commission meetings. I learned more through the city website and by talking with Director Spencer and Commissioner Fox, while attending Commission and other related meetings.

Have you served as a Burlington City Commissioner/Board Member in the past? No
If the answer is yes, please list any and all appointments and dates you served.

N/A

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No. If so, please explain:

I do not see any potential conflicts of interest, but I do want to acknowledge my biases that include being a cyclist, runner, and commuter to a town outside of Burlington. I also have an income of about \$78k/yr from a job outside of Burlington which may allow me to make decisions that others with lower income may not agree with.

Training or Experience Related to the Commission or Board Post for which you are Applying:

I have been on the Public Works Commission (PWC) since March 2019, and have learned much about city meeting processes, public engagement, budgets and bond language, and Burlington's public engagement processes with our citizens and businesses. In my work as the Coalition Director for Vermont Clean Communities at The University of Vermont Transportation Research Center, I provide technical assistance, outreach and education to myriad state-wide stakeholders on alternative fuels, advanced vehicle technologies, fuel economy, idle reduction and reducing vehicle miles traveled. These aspects of my work dovetail with the infrastructure and energy issues facing Burlington's transportation sector, climate resilience and investments in our community. Finally, I have extensive experience as a citizen working on supporting signalization, mid-block crossing, pop-up bike lanes, and working with the city, schools, parents and students to make active transportation to and from city's schools safer and more accessible. These combined experiences enable me to use my systems-thinking, review relevant information, listen to others, raise relevant questions and concerns, and make informed decisions that support Burlington's infrastructure planning and investments.

Current Occupation: Coalition Director, Vermont Clean Communities, Transportation Research Center, UVM

Education (list most recent first):

School	Location	Year/Degree
New York University	New York, NY	1999/MA Latin American Studies
Ithaca College	Ithaca, NY	1990/BA Anthropology

What do you hope to accomplish as a Commissioner/Board Member?

I hope to continue my work on the Public Works Commission to add a female frame of reference to infrastructure decisions that impact all our citizens. Issues like the location of parking, lighting, accessibility or transportation treatments, and various other dynamics the DPW Commission deals with are experienced and viewed differently by women and female-identifying community members. As a mother, I will continue to add perspectives of children and youth who interact with our roads, parking, traffic, and other public infrastructure systems - yet whose perspectives are not always factored into the debates or solutions. In that vein, I would like to continue engaging with Burlington High School Students, adding youth perspectives to city projects.

I truly enjoy working with fellow Commissioners on supporting Burlington's investments in its comprehensive PlanBTV; working to reduce Burlington's dependence on fossil fuels while reducing greenhouse gas emissions; taking strategic steps to adapt our infrastructure to the impacts of climate change and engaging with the public and other city departments in working toward ensuring Burlington's infrastructure is sound and supports all its users.

If selected to continue serving on the DPW Commission, I remain committed to engaging with residents, and communicating comments from those who contact me, and working with DPW staff on the necessary outreach, costs, investments, and equity impacts our city projects. Finally, I look forward to highlighting the importance of equitable mobility options for all our residents, and in the conversations as the city and the Burlington School District rebuild Burlington High School, and as Burlington considers new residential and commercial development.

How did you learn of the opportunity/opening to serve on a Board/Commission?

I have been a member of the Public Works Commission since March 2019. I first learned about the opening from Brendan Hogan (former PW Commissioner and Chair) and Jim Barr (current PW Commissioner).

Have you served as a Burlington City Commissioner/Board Member in the past? Yes.

If the answer is yes, please list any and all appointments and dates you served.

I began serving on the Public Works Commission in March 2019, was elected Vice-Chair of the Public Works Commission in July 2020, and Chair in 2024.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? No. While my office is housed at UVM, I do not represent UVM. However, I am sensitive to the issues around UVM and transportation. If any conflicts do emerge, I will recuse myself.

If so, please explain:

Carrie McCabe – Attachment to Application for Retirement Board 4-15-25

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I bring over 30 years of experience in institutional retirement investments, with a focus on advising large public and private retirement plans. My work has included strategic planning, asset allocation, and investment manager oversight. Notably, I played a key role in establishing several areas within the California Public Employees' Retirement System (CalPERS), the largest public retirement plan in the U.S. My experience spans fiduciary governance, actuarial collaboration, risk management, and regulatory compliance — all of which align closely with the fiduciary and operational responsibilities of Burlington's Retirement Board.

Current Occupation: Lasair Advisors – Finance, Investments, Advisory

What do you hope to accomplish as a Commissioner/Board Member?

As a member of the Retirement Board, I aim to contribute sound fiduciary oversight, strategic investment guidance, and effective governance to ensure the sustainability and responsible operation of the retirement system. I hope to enhance the long-term financial health of the fund, support the development of clear investment goals and actuarial assumptions, and ensure the retirement system meets its obligations to all members with integrity and transparency. I also hope to share institutional best practices while collaborating respectfully with fellow board members, staff, and stakeholders.

How did you learn of the opportunity/opening to serve on a Board/Commission?

City of Burlington website and professional community involvement.

Have you served as a Burlington City Commissioner/Board Member in the past?

No.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying?

No. I am committed to adhering strictly to conflict-of-interest guidelines and acting solely in the best interest of the retirement system and its beneficiaries.

-

Please use this area to make any further comments regarding your candidacy:

I believe my depth of experience in managing institutional retirement plans, along with my collaborative and analytical approach, will bring meaningful value to the Retirement Board. I understand the complexities involved in actuarial assumptions, investment policies, and fiduciary responsibilities, and I am passionate about ensuring secure retirements for public employees. I would be honored to support the City of Burlington in maintaining and enhancing the integrity of its retirement system.

APPLICATION FOR: Conservation Board Board/Commission
(Please fill out a separate application for each post)

****Vacancies on the Board for Registration of Voters still require your political affiliation****

Full Name: Kelly Farrell Ward: 5

Residence: 147 Home Ave. **Political Affiliation:

Are you a registered Burlington Voter? yes

Phone (home): Phone (work): 617-923-7398 Phone (cell): 845-392-7556

E-Mail Address: Kelly Anne Farrell 2@gmail.com

Training or Experience Related to the Commission or Board Post for Which you are Applying:

Please see my resume, attached. I am currently employed as a licensed landscape architect at a multidisciplinary design firm. Prior to my MLA, I was trained (MS in Zoology) and employed as an ecologist. I used remote sensing + field surveys to create habitat maps, and trained land use planners to use that information to inform decision-making.

Also, training: Land Use Leadership Alliance Training Program through Pace University Land Use Law Center.

Current Occupation: Landscape Architect + ecologist

Education (list most recent first):

School	Location	Year/Degree
Cornell University	Ithaca, NY	2018 Masters in Landscape Architecture (MLA)
Oregon State University	Corvallis, OR	2011 MS in Zoology
Duke University	Durham, NC	2006 BS Biology

What do you hope to accomplish as a Commissioner/Board Member?

After years of practicing as an ecologist, I turned towards landscape architecture to help development proceed in ways that minimize environmental harm. Developing in ways that supports community while minimizing damage to the natural world is essential. I want to contribute my knowledge + experience to help Burlington develop in a way that is healthy and sustainable.

How did you learn of the opportunity/opening to serve on a Board/Commission?

Zoe Richards spoke at our Ward 5 NPA meeting. Chatting afterwards about how I could contribute to our community with my skills + experience, she suggested I apply.

Have you served as a Burlington City Commissioner/Board Member in the past? no
If the answer is yes, please list any and all appointments and dates you served.

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? possibly If so, please explain:

It is possible that the design firm where I work, Sasaki, could have projects that come before the review board during my tenure. If so, it would seem reasonable to recuse myself from those specific project discussions.

List Two References:

Andrew Gutterman, Principal of Landscape Arch. at Sasaki 617-923-7211 agutterman@sasaki.com
Chris Hardy, Senior Associate LA at Sasaki 617-923-5354 crhardy@sasaki.com

Please use this area to make any further comments regarding your candidacy, especially in regard to your qualification for this position. You may attach additional sheets if necessary.

Please see my attached narrative and resume. Thank you for your consideration!

Signature: Molly Farrell Date: 5/22/2025

The City of Burlington encourages persons from diverse backgrounds to apply to serve on boards, commissions and committees. The City is committed to providing equal opportunity to all persons without regard to political affiliation, race, color, religion, age, sex, sexual preference, national origin, disability or any other non-merit factor.

Application for Conservation Board

Kelly Farrell - additional narrative

My dual backgrounds in ecology and landscape architecture give me a strong knowledge base and skill set for performing the duties of a Conservation Board member. As an ecologist, I used remote mapping and field surveys to create natural resource and habitat maps for municipalities in order to inform land use planning decisions. I taught workshops to planning and conservation board members so that they could have the knowledge base for assessing development projects for their potential impacts to watersheds, rare species, and environmental quality.

As a landscape architect at a multidisciplinary design firm, I work closely with architects, civil engineers, urban planners, and other landscape architects to craft master plans and site plans that account for natural resource conservation, environmental sensitivity, and community needs. While I rarely am the person presenting a design to a conservation board, planning review board, or zoning approvals board, I am frequently involved in the process behind it: studying potential concerns to assess their true potential impacts, and communicating those potential impacts clearly. My experience helps me understand how to communicate with designers and developers early on, so that they can understand potential broad-strokes impacts and studies they might conduct towards mitigating those impacts, at early, intermediate, and late stages of the planning and design process.

Having trained conservation board members, I am now ready to be one. I believe that my background will serve Burlington well, and I'm excited to contribute in this way towards my community.

KELLY FARRELL

Burlington, VT 05401 | KellyAnneFarrell2@gmail.com | 845-392-7556

EDUCATION

Master of Landscape Architecture, Cornell University

May 2018 Thesis: Building Habitats: Designing for Native Species on Green Roofs

Master of Science in Zoology, Oregon State University

Sep 2011 Thesis: Vertebrates, Arthropods, and Plants: an investigation of the top-down effects and bottom-up responses of multiple herbivore guilds in a grassland system

Bachelor of Science in Biology, Duke University

May 2006 Concentration: Plant Systematics
Thesis: Variation in the top-down effects of the marine snail *Littorina irrorata* on benthic microalgae

RELATED EXPERIENCE

Landscape Architect & Ecologist, Sasaki

Boston, MA
2019 - present

- Interpret existing ecological, geophysical, and cultural resources to inform planning-scale and site-specific design, and to help team members and clients understand the importance of integrating ecological concepts into design.
- Design and draft landscapes for civic spaces, academic campuses, and commercial spaces, carrying designs from early concept through construction documentation and construction administration.
- Guide team members in design, drafting, ecological integration, and mapping. Lead short courses to disseminate these skills, and formally guide teams as a project manager for planning and built work projects across a variety of scales and geographies.

Landscape Designer, Klavon Design Associates

Pittsburgh, PA
2018 - 2019

- Assisted in schematic design, design development, and construction documentation of plazas and streetscapes.
- Wrote, edited, and illustrated master planning documents for large-scale campuses.

Intern, Strengthening Our Area Residents (SOAR)

Clyde, NY
May - Aug 2016

- Organized and facilitated projects carried out by residents of rural Clyde, Savannah, and Galen, NY to improve community health, including playing field design and implementation, GIS mapping, and community field days after communicating with residents about their needs.

Wildlife Technician, NYS Department of Environmental Conservation

New Paltz, NY
2013 - 2015

- Surveyed for rare and endangered species, identified potential habitats using GIS map analysis and field visits, communicated with Hudson Valley residents about wildlife-related issues, and screened for sensitive species as part of the environmental review process.

Biologist & Educator, Hudsonia Ltd.

Annandale, NY
2012 - 2013

- Identified habitats using map analysis and field surveys, created detailed GIS habitat maps and reports for land-use planners, and educated land-use planners on the importance of biodiversity.

SELECT PROJECTS and PRESENTATIONS

- "Dredging for Change" internal Sasaki research project 2023-2024, investigating opportunities to expand beneficial reuse of dredged material in inland contexts
- "Anticipating the impacts of urban infill shadows on existing flora using modeling and snapshot site visits" Ecological Society of America Conference 2023: Contributed Talk
- "Translating Academic Skills to the Private Sector" Ecological Society of America Conference 2023: Workshop
- "How do we know what's working? Getting real with landscape metrics" American Society of Landscape Architects (ASLA) National Conference 2023: Contributed Presentation
- "Applications of LiDAR in Planning & Landscape Architecture" internal Sasaki research project 2022-2023, identifying opportunities to integrate workflows using multi-spectral imagery and LiDAR point clouds into design and planning analysis.
- "Confronting the Biodiversity Crisis Through Landscape Architecture: A Call-to-action" ASLA National Conference 2022: Contributed Presentation

TECHNICAL SKILLS

Adobe Creative Suite (Illustrator, InDesign, Photoshop), ArcGIS, AutoCAD, Microsoft Suite (Excel, PowerPoint, Word), R, Map Reading and Navigation, Data Analysis

****Vacancies on the Board for Registration of Voters still require your political affiliation****

Full Name: Elizabeth (Betsy) McGavisk Ward: 2

Residence: 6 Decatur Street Burlington, VT ****Political Affiliation***

Are you a registered Burlington Voter? yes

Phone (home): _____ Phone (work): _____ Phone (cell): 203-695-3970

E-Mail Address: bmcgavisk@burlingtonvt.gov

Training or Experience Related to the Commission or Board Post for Which you are Applying:

I have served as a member of the Housing Board of Review since 2019 and have been the board's chair since 2022. I am very comfortable leading our meetings and asking questions of participants to make informed decisions as a board. In my professional role at the Vermont Housing & Conservation Board I have significant experience writing legal contracts which aids in our consideration of what to include in the Board's orders, and in my personal life, I have the unique experience of both being a homeowner and tenant and have experience completing the type of home repairs often discussed within our hearings.

Current Occupation: Program Coordinator, VT Housing & Conservation Board Farm & Forest Viability Program

Education (list most recent first):

School	Location	Year/Degree
University of Vermont	Burlington, VT	B.S. 2019
Dallastown Area High School	York, PA	HS Diploma, 2015

08:54:01 AM '25

What do you hope to accomplish as a Commissioner/Board Member?

As the current chair, I would like to further develop the skills of the other board members in their ability to effectively run our meetings. Over the last several years, this board has developed scripts and training materials for it's members, which I would like to continue to refine and develop especially as the board continues to hear new types of cases, such as those to revoke COC.

How did you learn of the opportunity/opening to serve on a Board/Commission?

N/A

**Have you served as a Burlington City Commissioner/Board Member in the past? _____
If the answer is yes, please list any and all appointments and dates you served.**

see above, only HBR 2019-present

Do you foresee any potential conflicts of interest if you were appointed to the position for which you are applying? N If so, please explain:

Given that Burlington is a small community, occasionally I will personally know petitioners to the board. In order to avoid any actual or perceived impartiality, I recuse myself from any case in which I personally know either party. This happened twice within the last approx. 18 months. I am not aware of any upcoming conflicts, which is why I answered no above.
