

Neighborhood DESIGN WORKSHOP

Join us for a public open house
focused on the New North End
Neighborhood Plan!

The project team will present initial design concepts and gather community feedback to help guide the future of the neighborhood. This is a great opportunity to learn about ideas that we've been working on, share your input, and connect with neighbors and local stakeholders. You will also have the opportunity to provide feedback on improving the connection between the VT-127 Multiuse Path and the New North End neighborhood. **We hope to see you there!**

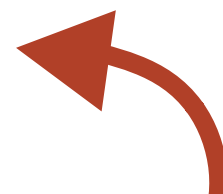

WEDNESDAY
JULY 23

5:30 - 8 pm

@ Hunt Middle School
