Passcode: 091788

AGENDA:

1. Introductions(15 min)

Phillip Pterson and Gordon Dragoon will give context for the forum. We'll go over the vision for walking and biking in the South End, give an overview of how participants can help the city pursue this vision, and give a birds eye view of the planning process.

2. Stations (60 min)

The Walk/Bike Council and the Department of Public Works will host 5 stations that participants can engage with. We'll have an overview of planning projects, a map for participants to map their local trips, an exercise in designing roads, a presentation on the Walk/Bike Council itself, and a place for participants to discuss the recent tragedy on the corner of Pine Street and Locust Street.

3. Closing thoughts (15 min)

We'll give councilors and residents a chance to give their vision for walking/biking in their district.

Previous Meeting – At our July 1st meeting, we gave updates on our discussions with city council, discussed the group bike ride along Main Street, and planned our south district forum for August.

Next Month: BWBC meets Wednesday, September 2nd, 2026, 5:30 – 7:00 pm.

The BWBC is an all-volunteer advisory council to the City of Burlington. We work closely with and advise the Department of Public Works and the Department of Parks, Recreation, & Waterfront on infrastructure improvements and policy changes for walking and bicycling. The council also leads advocacy efforts and organizes events and activities that promote and celebrate walking and biking in Burlington and beyond.
