Commissioner Grant - would like Chief's report posted on Friday before meeting.

Commissioner Grant made comment regarding CNA recommendations that had to do with the BPOA contract, and hopes that these items have been/are being taken into consideration. Would like fair contract for Officers, also that it is fair for the community. Expressed frustration over City Councilors being used as a reason why staffing is in trouble.

Commissioner Sequino requested clarifications on CSO responsibilities.

The Chief stated: noise complaints and violations, crash reports without injury or significant damage (otherwise a sworn officer must complete report), roadway hazards, animal complaints, help with traffic. The CSOs have no power to enforce beyond City Ordinance violations.

Commissioner Grant request a future presentation from Victim Services.
