AGENDA ITEM	DISCUSSION	ACTION TAKEN
1. Approvals: a. Agenda	a. Special Meeting Agenda	Jenny motioned, Pat 2 nd . Approved
2. Public Forum	There were no public attendees.	
3. Pesticide Applications a. Barrett's Tree Service – Northshore Drive Association	Joe LaRock, representing Barrett's, attended the meeting to discuss their application. Joe gave an overview of the situation. The apple trees have cedar apple rust. They have been monitoring it for a couple of years when doing annual tree maintenance on the property. At this point, there is no damage to the tree but over time it can be destructive. If left untreated the rust will disfigure the tree, leaving it unsightly. Celia asked if there were alternative methods to eradicate the rust. No, the injections are the most effective. There is no spraying, it is injected into the vascular system of the tree which prevents it	Celia Motioned; Jenny 2 nd . All in favor. Approved

	from exposing people or animals. It is an aesthetic disease but if not treated it will eventually damage the tree. The Board motioned to approve the Barrett's Pesticide Application for the Northshore Association. .
