Draft Minutes

Start: 6:35pm

Steering Committee members present: Tony Redington-Ward 2, Andrew Champagne-Ward 2, Infinite Culcleasure-Ward 3, Patrick Johnson-Ward 2, Adrian Pascual-Ward 3, Amanda Hannaford, Ward 3

Worker's Rights

Contracted by City of Burlington to monitor livable wage ordinance which set a minimum wage that all employees have to meet.

Public Forum

2 and 3 vote in favor for All Wards public forum in the future of Memorial Auditorium and support of the resolution to have 242Main to stay in the RFP.

NPA needs to advertise to get more diversity in meeting

Protesting F35. The airport has destroyed housing and livability. Will be protesting this before 10am commencement of St. Michaels's College. For infants, the level of sound for F35 is very damaging. Also if the F35 went down it would be a toxic and also the F35 is designed to drop its fuel into the lake.

General Discussion of Movement Senior Center

The context is that the Champlain Senior Center went out of business and Parks stepped in to continue essential programs such as senior meals. If have questions about the St. Joe's move, then write it down and will give it to Candice Holbrook of Parks to answer and share it with NPA June meeting. Talked with Parks and said that NPA move will be in the fall. Still there is not detailed information about improvement and also senior move. The question is not so much about the move but also being part of the conversation and being part of the decision of the move. Concerned about capacity and seniors in chairs. No information about ramps and concerned about elevator if the electricity goes off. There is a cafeteria on the first floor which would be a good for NPA relocation which is a different situation than Senior Center.

City Council Updates

Sara Moore-Public Safety and Park and Culture. On search committee for new Parks Director. Jesse Bridges has accepted CEO Position on United Way. Public Safety last week looked at role of police commission. Also looked at safety and education with Bike/Walk Plan. Community Coalition on Accountability with Law Enforcement Officials (Ccaleo) looking at doing a public meeting.

Jane Knodell -Entering budget season. July 1 adopting new Fiscal Year. Each City Department will be presenting in front of City Council their year's work, budget and next year's plans. There are openings on Board and Commission and May 24th is the deadline. Go to City Council and look for vacancy. Sara will be on committee and looking at applicants to promote diversity and equity. June 10th there will be a dumpster for people to put waste. Burlington Telecom will be sold or find a partner to work with the City. June 1 is the deadline to submit and July candidates will come to City Council. Welcoming City

committee will meet on May 31st and making recommendation in June. Final agreement public release still has not have been worked on. Pre-agreement states that there should be a community public benefit and will be put in the final development agreement which the council is still being worked on. Once it's released for the public to view then it's two weeks before Council votes on it. If there is any public suggestion bring this to the council to consider.

Max Tracy-Will go back to Parks to check if seniors did have input and also check into CHT to. Ordinance passed 1st reading of City Council and then go Ordinance Committee for refinement and then goes back Council to pass. Put out an ordinance to mandate larger recycling for units to prevent recycling from being blown out of bins and become trash. This would require 65 gallons in units that have 3. Should this be passed it will be over a 16 months to phase in toddler. After will look at having this ordinance be rolled out to home owners.

DPW-Chapin Spenser

See attachment of Capital Bond improvement. This year King Street and Pearl will be worked on. Some patches will not be on the list. Reconstruction is taking up the sidewalk and then laydown a whole new sidewalk. See Click Flix holds the DPW/CODE accountable but also reactionary and staff needs to balance this work with other major construction work.

Jim Lockridge-242 Main Street

When Bernie was Mayor he created 242 Main youth center. 242 Main became a cultural heritage which became the longest run punk rock venue in the country. Years of lack of deferred maintenance and investment left the Memorial Auditorium in decay. There was a time that there was almost a public forum about the future of Memorial but then UVM stepped in to propose a buy which didn't happen. Memorial has been a multi-use community civic center and public space. The public should be the driver of the future of this long standing resource. Now that UVM has stepped out, the City has said that there should be public process. Coming to NPAs to insist that 242 Main continue to has a presence to Memorial to be acknowledged and sustained regardless if the Memorial gets redeveloped, demolished or sold. Requesting the NPA sign a petition that 242 Main is part of the RFP. Save242Main.com is the petition. Wards 2 and 3 NPA passed the vote to support the following resolution:

"We ask that as you resolve the structural issues with Memorial Auditorium by repairing or redeveloping the building, please keep 242 Main in its current location, operating as a teen-led program that can continue its legacy of serving Burlington's youth in its uniquely powerful and historic way, providing an outlet for their creative and social vision. Please make the 'community benefit' a priority within the redevelopment process."

NPA fiscal year budget discussion

NPA money should go buy pots and pans to support the community dinners or go into the recruitment to increase diversity of NPA recruitment. Next NPA in June will have a decision.

End time: 8:41pm
