BURLINGTON FIRE COMMISSION

Minutes of the Meeting

April 4, 2023

Minutes of April 4, 2023 Meeting of the Burlington Fire Commission. The meeting of the Burlington Fire Commission convened at 08:33 hours via Zoom and in person with Commissioners Bond, McLaughlin, Sheehey, Chapman, and Perkinson. Chief Lachance, and Administrative Assistant Meghan Sweeney were also present.

Establish Meeting End Time

Commissioner Bond suggested an end time of 09:30 moved by Commissioner McLaughlin and seconded by Commissioner Sheehey.

Public Comment

No members of the public present.

Review and Accept Minutes April Commission Meetings

Movement to accept minutes as written by Commissioner Sheehey and seconded by Commissioners McLaughlin and Perkinson.

Chief's Oral Report

The following was an update sent by Chief LaChance to the Commission prior to the meeting:

Personnel: The probation of recruit class 22-1 will be completed on April 4, 2023. All members of this class have successfully completed their end of probation exams.

Retirements/Resignations: Since our last meeting, we have had two resignations. One effective March 01, 2023. This member accepted employment with a fire department in New Hampshire. This was a better fit for this employee being closer to family. Our second was effective March 23, 2023. This member accepted employment as a flight medic. We have a Captain working to schedule his exit for retirement. He is expected to be separated by July 6, 2023.

Hiring/Promotions: We have completed a successful Captain's promotional process in March. We accepted applications for, tested and interviewed six Lieutenants. All six completed the process successfully and were placed on an eligibility list. Three were promoted immediately to the rank of Captain and have been assigned to the following:

Capt. S. Petit	T-1C
Capt. N. Perkins	L-2C
Capt. T. Ferris	E-3A

We have accepted seven applicants for interview for the Battalion Chief of EMS position. These applicants come to us from several different states with impressive credentials. We will be conducting first round interviews on April 11, 2023. So far six of the seven candidates have signed up for interview times. I expect to conduct second round interviews within two weeks of the first round. I would like to have the EMS Chief position filled by June 5, 2023.

Currently our entry level firefighter/EMT position is open on NEOGOV. As of this date we have thirteen candidates. The employment posting is scheduled to close at 11:59 pm on April 7, 2023. Interviews are scheduled for April 18-20, 2023. Recruit school 23-1 will begin on Tuesday May 30, 2023. We expect seven to enter recruit school. Included in the seven is the four members of our current hybrid dispatch staff.

We are working to update the current ECS (Emergency Communications Specialist) posting to reflect an open job to cover the fire desk in the ECC (Emergency Communications Center). With the current fire desk ECS staff entering recruit school in May, we will need to replace them with four new employees. The job posting is being reviewed by the AFSCME union. Once reviewed and if approved, the posting will be made available on NEOGOV. The plan is to post on April 3, 2023 for two weeks. Interview and hire employees by May 8, 2023.

The Deputy Chief of Administration position is currently vacant. It was posted with no applications submitted. I am currently working on a strategy to fill the position with a suitable candidate.

Recruitment: The Burlington Fire Department has been represented at multiple recruitment events. The latest job fairs have been:

March 1, 2023 Vermont Technical College

March 21, 2023 Northern VT University

March 22, 2023 Norwich University

We will be in attendance at the City of Burlington job fair being held at Contois Auditorium on April 12, 2023.

We will also be taking part in a Health and Wellness Fair at BHS on April 20, 2023.

Overtime: In the last twelve weeks, we have covered 1605.25 hours of overtime to cover minimum staffing. Only 16 hours of that time was coded as mandatory overtime. This averages to 133.8 hours per week with is down from the reported 239.9 hours per week reported in the last Chief's report dated February 1, 2023.

48/96: The new 48/96 schedule is set to begin on May 1, 2023. There is a working group of both BFFA and Command Staff members that has been working through an implementation plan.

Fleet: Fleet maintenance continues to be completed as needed. We are experiencing longer than expected out of service times based on parts delays. Safety of vehicles remains a top priority.

We expect new apparatus with timelines as reported in the minutes of the February 7, 2023 meeting.

City fleet funding continues to be challenging. We are working with the City Fleet Committee in regard to fleet vehicle replacement. Burlington Fire vehicles included in the general fund fleet replacement schedule are all vehicles other than large fire apparatus which are historically bonded for. Ambulances are the largest concern in regard to fleet at this time. With three front line ambulances and one back-up / special events ambulance, we should be replacing one every other year in order to keep a stable fleet of ambulances. We currently have one ordered with an expected arrival of June 2023. No future ambulances orders are currently scheduled. Current timeline from order placement to delivery of ambulances is three years.

Dispatch: Our transition to Burlington Fire employees operating as ECS for the fire desk has been a success. The employees, hired into the hybrid dispatch/FF job description, will enter firefighter recruit school beginning May 30, 2023. We will be hiring a new dispatch team as noted in the "Hiring-Promotion" section of this report.

We are preparing for the future of Burlington dispatch by working closely with City leadership and BPD to rebuild the Burlington ECC. BFD will have a key role in this future by hiring for, scheduling and managing the fire desk employees until the ECC is stabilized.

The future of Regional Dispatch is unclear. CCPSA (Chittenden County Public Safety Authority) has been authorized to distribute grant funded dispatch consoles; two of which the City of Burlington will receive.

Radio System Upgrade: DC Libby and LT. B. Wilson have been working closely to move the upgrade plan forward. The site walks have been completed and DC Libby will be managing this project to completion.

Buildings: There are a number fire station repairs/upgrades in process currently.

Fire Station 1: Window replacement for the entire building.

Fire Station 2: Apparatus floor replacement.

Upgrade to five individual bedrooms from the current bunkroom arrangement. Design and engineering is almost complete.

Fire Station 3: Upgrade to individual bedrooms from the current bunkroom arrangement.

Add a second bathroom

A commitment by the city has been made to fund for the Fire Station 2 and 3 projects. We are working with the City Central Facilities Manager to secure grant funding for the Station 1 window project.

Leadership Seminar: The Burlington Fire Department hosted a successful Spring Training Seminar on March 24, 2023. We had over two hundred in attendance from many fire departments around the northeast and beyond. Thank you to BC M. Curtin and BC T. Ruggles with their leadership in bringing this event to reality.

Recognition Event: The annual recognition event has been scheduled for Tuesday April 18, 2023 at 6:00pm in Contois Auditorium. This event will recognize our employee promotions including the completion of recruit schools and probationary periods.

Old Business/New Business

- Commissioner Bond congratulated Chief LaChance on his appointment. She expressed thanks to Deputy Chief Libby for the time he was acting Chief and for the support Chief LaChance gave him during that time. She is happy the position has been filled.
- The Recognition Event will be held on April 18th and commissioners are happy to see the event happening again. One award nomination was shared and a motion by Commissioner Sheehey with unanimous approval confirmed the award to be presented at the event. Commissioner Perkinson knows that historically there is a lot of downplaying of the efforts by the members as they assume it's a part of the job, but he thinks it should be more recognized. The department has a member specifically updating our social media platforms and can work on trying to present these events more openly to the public.
- Commissioner Perkinson would like to have future agendas updated without the Establish a Meeting End Time item. He suggested the meeting end time to be considered 09:00 as standard end time and motions can be made to adjourn early. A motion to change future agendas was made by Commissioner Perkinson, and seconded by Commissioner Sheehey. Passed for future agendas.
- Commissioner Bond presented a document that was provided to her three years ago with a breakdown of what commission roles are created in 2009. Commissioner Bond would like the Commission to be more involved and have an answer to "What value do we bring?" question. Based on City of Burlington website the Commission seems like it's mostly a board of appeals. Commissioner Bond suggested attending more NPA meetings to represent the Fire Department. She and Commissioner Perkinson attended one recently for wards 2 & 3 and she said there was a lot of surprise from residence that we deal with such a high volume of the mental health calls, and are dealing with significant issues with dispatching. Commissioner McLaughlin said historically when Commission used to appoint the Chief Engineer position and was often approached by the community. Now most of the bigger decisions are funneled through the Mayor's office. Commissioner Perkinson thinks the commission is currently kept up to date with decisions that should involve commission. Decisions about hiring a position are notified without a commissioner having to be on an interview panel. Commissioner Perkinson thought it might be helpful to invite a City Attorney to a future meeting to see what the City expects of them. Commissioner Chapman was concerned about communication from the Commission to City Council regarding issues and updates. Commissioner Bond said the Commissions' Annual Report used to be sent to City Council, but since Covid that hasn't happened. Commissioner Perkinson asked what communications the department does have with City/City Council. Chief LaChance said there is weekly meetings with department heads and the dispatch plan has been between the Mayor's office and Acting

Chief Murad. Commissioner Bond asked that at the next meeting the Commissioners bring forth ideas they have to give further value of the Commission to the department.

- Commissioner Sheehey updated that past commissioner Jared Wood has passed away. The Commission recognized Jared for all of the work and service he gave the city.

Executive Session

- Pursuant to Title 1, Section 313, of the Vermont Statutes, upon the affirmative vote a majority of the members present, a motion to go into executive session is carried to discuss matters where general public knowledge would place the Department at a substantial disadvantage. The meeting went into executive session to discuss the appointment of the Chief Engineer position. Motion to go into executive session made by Commissioner Sheehey and was seconded by Commissioner Bond. All voted to go into executive session at 09:42. Chief LaChance, and Administrative Assistant Sweeney exited the room. Executive Session ended at 10:13 am.

Adjourn

Meeting adjourned after executive session at 10:13 am.

VERMONT LEGISLATURE BURLINGTON MAY 11 002 00071041

Resolution Relating to

REORGANIZATION OF THE GOVERNANCE OF THE CITY

NO. 1202
RESOLUTION 01-1116, 13.
Sponsor: Councilors Knodell,
O'Sullivan
Introduced: 11/19/01
Referred to: _____
Action: Amended; Adopted
Date: 11/19/01
Signed by Mayor: 11/21/01

CITY OF BURLINGTON

In the year Two Thousand and One

Resolved by the City Council of the City of Burlington, as follows:

That, WHEREAS, the voters approved on November 7, 2000 amendments to the governance of the City as provided in the City Charter; and

WHEREAS, the General Assembly of the State of Vermont has passed Act #M-6, 2001 which consists of amendments to the City Charter relating to the manner in which the city is to be governed; and

WHEREAS, such amendments to the City Charter provide for plenary policy making and legislative authority being vested in the City Council, chief executive authority being vested in the Mayor; the authority of the various city commissions becoming advisory in nature except to the extent governmental authority is delegated by resolution of this Council; mayoral appointment of department heads, and the re-designation of the clerk/treasurer as chief administrative officer; and

WHEREAS, on June 26, 2001, this City Council passed a continuing resolution which continued the present governmental structure until otherwise directed by this Council; and

WHEREAS, the Mayor, as the City's Chief Executive Officer, has consulted with department heads and commissioners to take an inventory of the manner in which the departments have governed their operations, including an examination of authority exercised by department heads and by commissions, actions requiring the advance approval of the Board of Finance and actions requiring advance approval of this City Council; and

Resolution Relating to REORGANIZATION OF THE GOVERNANCE OF THE CITY

WHEREAS, the Mayor has made a recommendation to this Council as to how he believes the governmental structure of the City should be re-organized, and such recommendation has received the extensive consideration of the Charter Change Committee; and

WHEREAS, the Charter Change Committee has held both deliberative sessions and public hearings with respect to the Mayor's recommendations, and has reported its recommendations to this Council;

NOW, THEREFORE, on the basis of the recommendations of the Mayor and the Charter Change committee, IT IS HEREBY RESOLVED by this City Council as follows:

1. Each Commission shall annually approve and submit to the Mayor a budget recommendation in a format directed by the Mayor. The Mayor, with the assistance of the Board of Finance, shall prepare the budget and submit it to the City Council for its consideration and adoption. Each Department Head and Commission shall be responsible for monitoring expenditures made pursuant to an approved budget, and shall make an official report to the Mayor and City Council every six months as to the results of such monitoring, and shall also develop and annually revise for the Mayor's consideration a five year capital budget plan. All fees and charges to be assessed by any City department for any purpose shall be considered a part of the budget and processed in accordance with the provisions of this paragraph. The budget may contain guidelines for the amendment of fees and charges by a commission during the course of a fiscal year.
2. No contract of any kind or description shall be entered into by any city department except in accordance with procurement and contracting regulations recommended by the Mayor and approved by this Council. Notwithstanding the foregoing, the Board of Electric

Page 3

Resolution Relating to REORGANIZATION OF THE GOVERNANCE OF THE CITY

Commissioners shall have authority to either itself approve or to delegate to the General Manager the authority to approve short term contracts for the purchasing and selling of electric capacity and energy. In this context, short term shall be considered five years or less in duration. Further, the Board of Electric Commissioners shall also have the authority to either itself approve or to delegate to the General Manager the authority to enter into contracts involving an expenditure of not less than \$100,000.00 or a duration of one year or less. Contracts in excess of one year in duration and more than \$100,000.00 in value shall also be authorized by the Board of Electric Commissioners, but shall be reported to the City Council in writing within five business days. Such authorization by the Commission shall be considered full authority to enter into the contract unless the Commission's action is vetoed by vote of a majority of the whole number of the City Council passed within thirty days of the Commission vote. The City Council may also affirmatively act to ratify and confirm the vote of the Commission prior to the passage of such thirty days.

3. All salaries and benefits for city employees shall require the advance approval of this City Council based upon the recommendation of the Mayor or by the Chief Administrative Officer on behalf of the Mayor.
4. The Mayor, through the Office of the Chief Administrative Officer, shall have the responsibility to specify accounting and other financial systems, and computer technology systems which all departments shall follow. This authority shall include the development and maintenance of City wide procurement and contracting policy guidelines. Provided, the Electric Department shall be authorized to continue to maintain

Resolution Relating to REORGANIZATION OF THE GOVERNANCE OF THE CITY

its computer technology system and department.

5. The Mayor, or the Chief Administrative Officer on behalf of the Mayor, shall have the authority to apply for state, federal or private grants.
6. The Department of Human Resources shall have overall responsibility for personnel systems administration and for the development and monitoring of the City's Risk Management Programs, subject to the directives of the Mayor/Chief Administrative Officer and subject to the orders, regulations and ordinances of this City Council.
7. No City department shall be authorized to expend any funds, from whatever source derived, unless and until such funds have been appropriated and made available for a particular purpose through recommendation by the Mayor and approval of this City Council. This paragraph shall be applicable to the expenditure, for City purposes, of any funds raised by foundations which are or have been created to benefit particular City departments or functions. The Board of Finance may, however, promulgate guidelines and preapproval criteria authorizing expenditure for City purposes of funds raised by entities or foundations created for the purpose of benefiting particular City departments and soliciting donations for such purposes.
8. Commissions shall retain all existing regulatory authority unless otherwise directed by the City Council such as, for illustrative purposes only, the determination of traffic and parking regulations by the Public Works Commission, the determination of rules and regulations for use of City parks promulgated by the Parks and Recreation Commission, rules and regulations relating to the operation of the Burlington International Airport by

Resolution Relating to REORGANIZATION OF THE GOVERNANCE OF THE CITY

the Board of Airport Commissioners and regulations relating to the City's electric system by the Board of Electric Commissioners. Adoption of national codes such as building, fire prevention, etc., shall be subject to the orders, regulations and ordinances of this City Council.

9. Commissions shall continue to exercise their current authority with regard to the consideration/adjudication of employee grievances pursuant to the City of Burlington's Comprehensive Personnel Policy and Collective Bargaining Agreements. However, in this context, such Commissions shall be bound by City wide policies as articulated by the Director of Human Resources.
10. The Church Street Marketplace District Commission shall continue to be responsible for developing and recommending the standards for common area fees and the assessment of common area fees to this City Council.
11. The Board of Electric Commissioners and the Public Works Commission shall have responsibility to approve any recommendation by departmental management for increases in electric rates, water rates and wastewater rates, and to recommend to the Mayor the same and City Council for its ultimate adoption. The Electric Department shall report to the City Council ~~not less than frequently than once~~ ^{at least} per year, indicating its short and long term planning for electric power and energy supply. Amended 11/19/01
GMR
12. The Board of Police Commissioners and Fire Commissioners shall continue to have authority, upon recommendation of the Chief of Police and Chief Engineer of the Fire Department respectively, to approve, using procedures and processes administered by the

Resolution Relating to REORGANIZATION OF THE GOVERNANCE OF THE CITY

Department of Human Resources, the hiring of individuals as police officers and firefighters, and shall also continue to be the last administrative step in the determination of whether a police officer or firefighter should be discharged.

13. The specific standards set forth herein for departments with Boards of Commissioners shall also be applicable to City departments which are not governed by a commission.
14. The Mayor is authorized to supplement and implement the provisions of this Resolution by Executive Order so long as such Orders are consistent with the dictates of this Resolution.
15. The Superintendents of the various City departments shall have responsibility to manage such departments by providing the special and immediate care and practical supervision thereof, subject to the policies established by this City Council, the authorized policies established by the Board of Commissioners and the authority of the Mayor as Chief Executive Officer, a portion of which authority may be delegated to the Chief Administrative Officer.
16. The Mayor is authorized to establish by executive order standards for the utilization of engineering , architectural, construction management and construction services to the City.
17. The provisions of this Resolution shall not be applicable to the Burlington School Department.

Page 7

Resolution Relating to REORGANIZATION OF THE GOVERNANCE OF THE CITY

18. This Resolution shall be effective as of January 1, 2002.

Except as otherwise specified herein, City Commissions and department heads shall continue to exercise the authorities and responsibilities which they were authorized to exercise as of June 30, 2001.

BURLINGTON FIRE COMMISSION

Minutes of the Meeting

April 4, 2023

Minutes of April 4, 2023 Meeting of the Burlington Fire Commission. The meeting of the Burlington Fire Commission convened at 08:33 hours via Zoom and in person with Commissioners Bond, McLaughlin, Sheehey, Chapman, and Perkinson. Chief Lachance, and Administrative Assistant Meghan Sweeney were also present.

Establish Meeting End Time

Commissioner Bond suggested an end time of 09:30 moved by Commissioner McLaughlin and seconded by Commissioner Sheehey.

Public Comment

No members of the public present.

Review and Accept Minutes April Commission Meetings

Movement to accept minutes as written by Commissioner Sheehey and seconded by Commissioners McLaughlin and Perkinson.

Chief's Oral Report

The following was an update sent by Chief LaChance to the Commission prior to the meeting:

Personnel: The probation of recruit class 22-1 will be completed on April 4, 2023. All members of this class have successfully completed their end of probation exams.

Retirements/Resignations: Since our last meeting, we have had two resignations. One effective March 01, 2023. This member accepted employment with a fire department in New Hampshire. This was a better fit for this employee being closer to family. Our second was effective March 23, 2023. This member accepted employment as a flight medic. We have a Captain working to schedule his exit for retirement. He is expected to be separated by July 6, 2023.

Hiring/Promotions: We have completed a successful Captain's promotional process in March. We accepted applications for, tested and interviewed six Lieutenants. All six completed the process successfully and were placed on an eligibility list. Three were promoted immediately to the rank of Captain and have been assigned to the following:

Capt. S. Petit	T-1C
Capt. N. Perkins	L-2C
Capt. T. Ferris	E-3A

We have accepted seven applicants for interview for the Battalion Chief of EMS position. These applicants come to us from several different states with impressive credentials. We will be conducting first round interviews on April 11, 2023. So far six of the seven candidates have signed up for interview times. I expect to conduct second round interviews within two weeks of the first round. I would like to have the EMS Chief position filled by June 5, 2023.

Currently our entry level firefighter/EMT position is open on NEOGOV. As of this date we have thirteen candidates. The employment posting is scheduled to close at 11:59 pm on April 7, 2023. Interviews are scheduled for April 18-20, 2023. Recruit school 23-1 will begin on Tuesday May 30, 2023. We expect seven to enter recruit school. Included in the seven is the four members of our current hybrid dispatch staff.

We are working to update the current ECS (Emergency Communications Specialist) posting to reflect an open job to cover the fire desk in the ECC (Emergency Communications Center). With the current fire desk ECS staff entering recruit school in May, we will need to replace them with four new employees. The job posting is being reviewed by the AFSCME union. Once reviewed and if approved, the posting will be made available on NEOGOV. The plan is to post on April 3, 2023 for two weeks. Interview and hire employees by May 8, 2023.

The Deputy Chief of Administration position is currently vacant. It was posted with no applications submitted. I am currently working on a strategy to fill the position with a suitable candidate.

Recruitment: The Burlington Fire Department has been represented at multiple recruitment events. The latest job fairs have been:

March 1, 2023 Vermont Technical College

March 21, 2023 Northern VT University

March 22, 2023 Norwich University

We will be in attendance at the City of Burlington job fair being held at Contois Auditorium on April 12, 2023.

We will also be taking part in a Health and Wellness Fair at BHS on April 20, 2023.

Overtime: In the last twelve weeks, we have covered 1605.25 hours of overtime to cover minimum staffing. Only 16 hours of that time was coded as mandatory overtime. This averages to 133.8 hours per week with is down from the reported 239.9 hours per week reported in the last Chief's report dated February 1, 2023.

48/96: The new 48/96 schedule is set to begin on May 1, 2023. There is a working group of both BFFA and Command Staff members that has been working through an implementation plan.

Fleet: Fleet maintenance continues to be completed as needed. We are experiencing longer than expected out of service times based on parts delays. Safety of vehicles remains a top priority.

We expect new apparatus with timelines as reported in the minutes of the February 7, 2023 meeting.

City fleet funding continues to be challenging. We are working with the City Fleet Committee in regard to fleet vehicle replacement. Burlington Fire vehicles included in the general fund fleet replacement schedule are all vehicles other than large fire apparatus which are historically bonded for. Ambulances are the largest concern in regard to fleet at this time. With three front line ambulances and one back-up / special events ambulance, we should be replacing one every other year in order to keep a stable fleet of ambulances. We currently have one ordered with an expected arrival of June 2023. No future ambulances orders are currently scheduled. Current timeline from order placement to delivery of ambulances is three years.

Dispatch: Our transition to Burlington Fire employees operating as ECS for the fire desk has been a success. The employees, hired into the hybrid dispatch/FF job description, will enter firefighter recruit school beginning May 30, 2023. We will be hiring a new dispatch team as noted in the "Hiring-Promotion" section of this report.

We are preparing for the future of Burlington dispatch by working closely with City leadership and BPD to rebuild the Burlington ECC. BFD will have a key role in this future by hiring for, scheduling and managing the fire desk employees until the ECC is stabilized.

The future of Regional Dispatch is unclear. CCPSA (Chittenden County Public Safety Authority) has been authorized to distribute grant funded dispatch consoles; two of which the City of Burlington will receive.

Radio System Upgrade: DC Libby and LT. B. Wilson have been working closely to move the upgrade plan forward. The site walks have been completed and DC Libby will be managing this project to completion.

Buildings: There are a number fire station repairs/upgrades in process currently.

Fire Station 1: Window replacement for the entire building.
Fire Station 2: Apparatus floor replacement.
Upgrade to five individual bedrooms from the current bunkroom arrangement. Design and engineering is almost complete.
Fire Station 3: Upgrade to individual bedrooms from the current bunkroom arrangement.
Add a second bathroom

A commitment by the city has been made to fund for the Fire Station 2 and 3 projects. We are working with the City Central Facilities Manager to secure grant funding for the Station 1 window project.

Leadership Seminar: The Burlington Fire Department hosted a successful Spring Training Seminar on March 24, 2023. We had over two hundred in attendance from many fire departments around the northeast and beyond. Thank you to BC M. Curtin and BC T. Ruggles with their leadership in bringing this event to reality.

Recognition Event: The annual recognition event has been scheduled for Tuesday April 18, 2023 at 6:00pm in Contois Auditorium. This event will recognize our employee promotions including the completion of recruit schools and probationary periods.

Old Business/New Business

- Commissioner Bond congratulated Chief LaChance on his appointment. She expressed thanks to Deputy Chief Libby for the time he was acting Chief and for the support Chief LaChance gave him during that time. She is happy the position has been filled.
- The Recognition Event will be held on April 18th and commissioners are happy to see the event happening again. One award nomination was shared and a motion by Commissioner Sheehey with unanimous approval confirmed the award to be presented at the event. Commissioner Perkinson knows that historically there is a lot of downplaying of the efforts by the members as they assume it's a part of the job, but he thinks it should be more recognized. The department has a member specifically updating our social media platforms and can work on trying to present these events more openly to the public.
- Commissioner Perkinson would like to have future agendas updated without the Establish a Meeting End Time item. He suggested the meeting end time to be considered 09:00 as standard end time and motions can be made to adjourn early. A motion to change future agendas was made by Commissioner Perkinson, and seconded by Commissioner Sheehey. Passed for future agendas.
- Commissioner Bond presented a document that was provided to her three years ago with a breakdown of what commission roles are created in 2009. Commissioner Bond would like the Commission to be more involved and have an answer to "What value do we bring?" question. Based on City of Burlington website the Commission seems like it's mostly a board of appeals. Commissioner Bond suggested attending more NPA meetings to represent the Fire Department. She and Commissioner Perkinson attended one recently for wards 2 & 3 and she said there was a lot of surprise from residence that we deal with such a high volume of the mental health calls, and are dealing with significant issues with dispatching. Commissioner McLaughlin said historically when Commission used to appoint the Chief Engineer position and was often approached by the community. Now most of the bigger decisions are funneled through the Mayor's office. Commissioner Perkinson thinks the commission is currently kept up to date with decisions that should involve commission. Decisions about hiring a position are notified without a commissioner having to be on an interview panel. Commissioner Perkinson thought it might be helpful to invite a City Attorney to a future meeting to see what the City expects of them. Commissioner Chapman was concerned about communication from the Commission to City Council regarding issues and updates. Commissioner Bond said the Commissions' Annual Report used to be sent to City Council, but since Covid that hasn't happened. Commissioner Perkinson asked what communications the department does have with City/City Council. Chief LaChance said there is weekly meetings with department heads and the dispatch plan has been between the Mayor's office and Acting

Chief Murad. Commissioner Bond asked that at the next meeting the Commissioners bring forth ideas they have to give further value of the Commission to the department.

- Commissioner Sheehey updated that past commissioner Jared Wood has passed away. The Commission recognized Jared for all of the work and service he gave the city.

Executive Session

- Pursuant to Title 1, Section 313, of the Vermont Statutes, upon the affirmative vote a majority of the members present, a motion to go into executive session is carried to discuss matters where general public knowledge would place the Department at a substantial disadvantage. The meeting went into executive session to discuss the appointment of the Chief Engineer position. Motion to go into executive session made by Commissioner Sheehey and was seconded by Commissioner Bond. All voted to go into executive session at 09:42. Chief LaChance, and Administrative Assistant Sweeney exited the room. Executive Session ended at 10:13 am.

Adjourn

Meeting adjourned after executive session at 10:13 am.
