Lori,
Here is what you asked for. Attached you will find a rough draft of our menu, we are still working on filling it in (Bocas Dinner Menu.pdf).

We are also still in the process of making the drink menu, but what we are thinking of is 6-9 local micro drafts, some bottle beers that would fill that gaps that the local beers don't. I have worked in the restaurant long enough to know that not every one drinks or likes micro brews, but my wife and I really want to stress local when ever we can. Our wine selection will be some house pours, but also offer bottles. The hard part here is neither one of us really care for the local Vermont wines, so we may only one or two local Vermont wines, instead we will showcase Italian varietals' to compliment the pizza. We do not want to sell or carry hard liquors, we are not a bar nor do we want to give off the image that we are. Smitty's is the bar, we want to be a family restaurant were people can go and get great pizza and a great local beer in a family friends atmosphere.

Also attached you will find my Vermont DLC training certificate. I have always attend the in-person seminar when my renewal was due, however this time I chose to do the online class for my renewal (DLC Cert.pdf).

The lease in Word document form (Peter Grimard Lease.doc).

And finally attached is the floor plan of the restaurant (former KeyBank- proposed pizza parlor.pdf). The landlord is in the process of making changes to the building by adding two ADA compliant restrooms on the western wall. The glass faciad on both the north and west sides are being replaced by the landlord with newer and a more modern look. The 'chef's table/bar' will seat 8 people at it allowing the guests to interact with the chef and pizza cook, sort of like a sushi bar. The bar on the southern side of the room will seat 8 guest, this will be a beer/wine bar. Strategically placed through out d the dinning room will be 4 eight top tables and 4 four top tables. If larger parties come in, we can more tables around to accommodate.

Thank you Lori for all your help and if you have anymore questions for me, please feel free to reply to this email, or you can call me at 802.777.3692

Sincerely,
Peter Grimard

Actually if you can provide the following information beforehand that would be greatly appreciated:

A copy of the food menu, draft is fine

A copy of the enforcement seminar training certificate (DLC)

A copy of the lease

An inside diagram of where tables and chairs will be located

ALL of this can be emailed to me.

~~thank you~~

Lori,

Thanks for the follow up. As for progress, the we have finalized all the construction plan, obtained permits for electrical and plumbing, roughed in all plumbing under the cement, and on Wednesday or Thursday the flooring concrete will get re-poured. The electrician will be roughing in all the electrical 3/10-3/14. Away from the site I have made all our table and bar tops. Today I am making the wine locker out of the old bank vault. The plumbing has been the big hold up, keeping me out of the space. Once the floor gets re-poured, I can start building the oven and then installing the beer and wine bar. Do you feel this is enough progress for the committee to vote? Or we should just plan on updating the board on our progress? The big hold up on the space was the plumbing and getting it installed on what was to go under the concrete slab.

Thanks again, let me know.

Peter

Hey Lori:

Appears no change in use, but are there interior changes? If so a zoning permit is not required (although we request a non-applicability for zoning permit form be completed for a definitive determination). Building permits would be needed however for any interior work. Also any new signs require zoning sign permits.

Otherwise not a problem as this Downtown zone allows restaurant and bars. The applicants are familiar with the regulations so not anticipating any issues.

Sent: Wednesday, February 19, 2014 6:52 PM
To: Lori Olberg
Subject: ArtsRiot Licensed Premises
Attachments: Current Premises.png; Proposed Premises.png; Truck Stop Schedule.png

Hi Lori,

Please see the attached documents. The first shows the licensed premises we had last summer for the Truck Stop series. The second shows our proposed new premises for this coming summer. The last is a tentative schedule for the planned Truck Stop events.

ArtsRiot is writing the City of Burlington's Licensing Committee to propose an outdoor licensed premises for the summer of 2014. This would expand the previous premises in the following ways. We would extend the outdoor licensed premises to include the rear parking lot to the east of Burlington Glass Works, the space between Pine Street and the front of our building, and further south down the first alley behind Sterling Hardwood. Gated entries would move. The northern gate would push to the end of the alley behind our building and another northern entry would exist at the front of our building. A new southern gate would exist at the south western edge of our building. The eastern gate would move east past Burlington Glass Works alley. This licensed premises would also be for the entire Truck Stop season as opposed to portions of it as experienced in summer 2013. We hope our track record of running safe, secure, inclusive, multi-generational, family-oriented environments shows we have the ability to serve even more people with better capacity this coming summer.

Changes to handle capacity of proposed premises would include:

OUT FRONT - a fenced in area in front of our building. This space would be buffered from the street by food trucks facing and serving the public on the non-street side of their trucks. This fenced in area would be monitored by two additional security guards not present with our current area.

OUT BACK - all three gates out back will again be monitored by professional security guards. We plan on having an additional security floater from last year to put another set of eyes on the general outdoor area.

PARKING - A designated parking attendant will oversee the additional parking offered to us by the Maltex Building and will also assist people that need to cross Pine Street on foot.

INSIDE/OUTSIDE - One of the biggest changes to our premises this year will be the combining of our inside and outside licensed premises. Currently the inside space (our building) is licensed and the outdoor Truck Stop area (last summer's licensed premises) are adjacent but separate premises. We hope to avoid confusion amongst our patrons, our employees, and our security staff by creating one licensed premises that we can patrol and ensure is safe and secure.

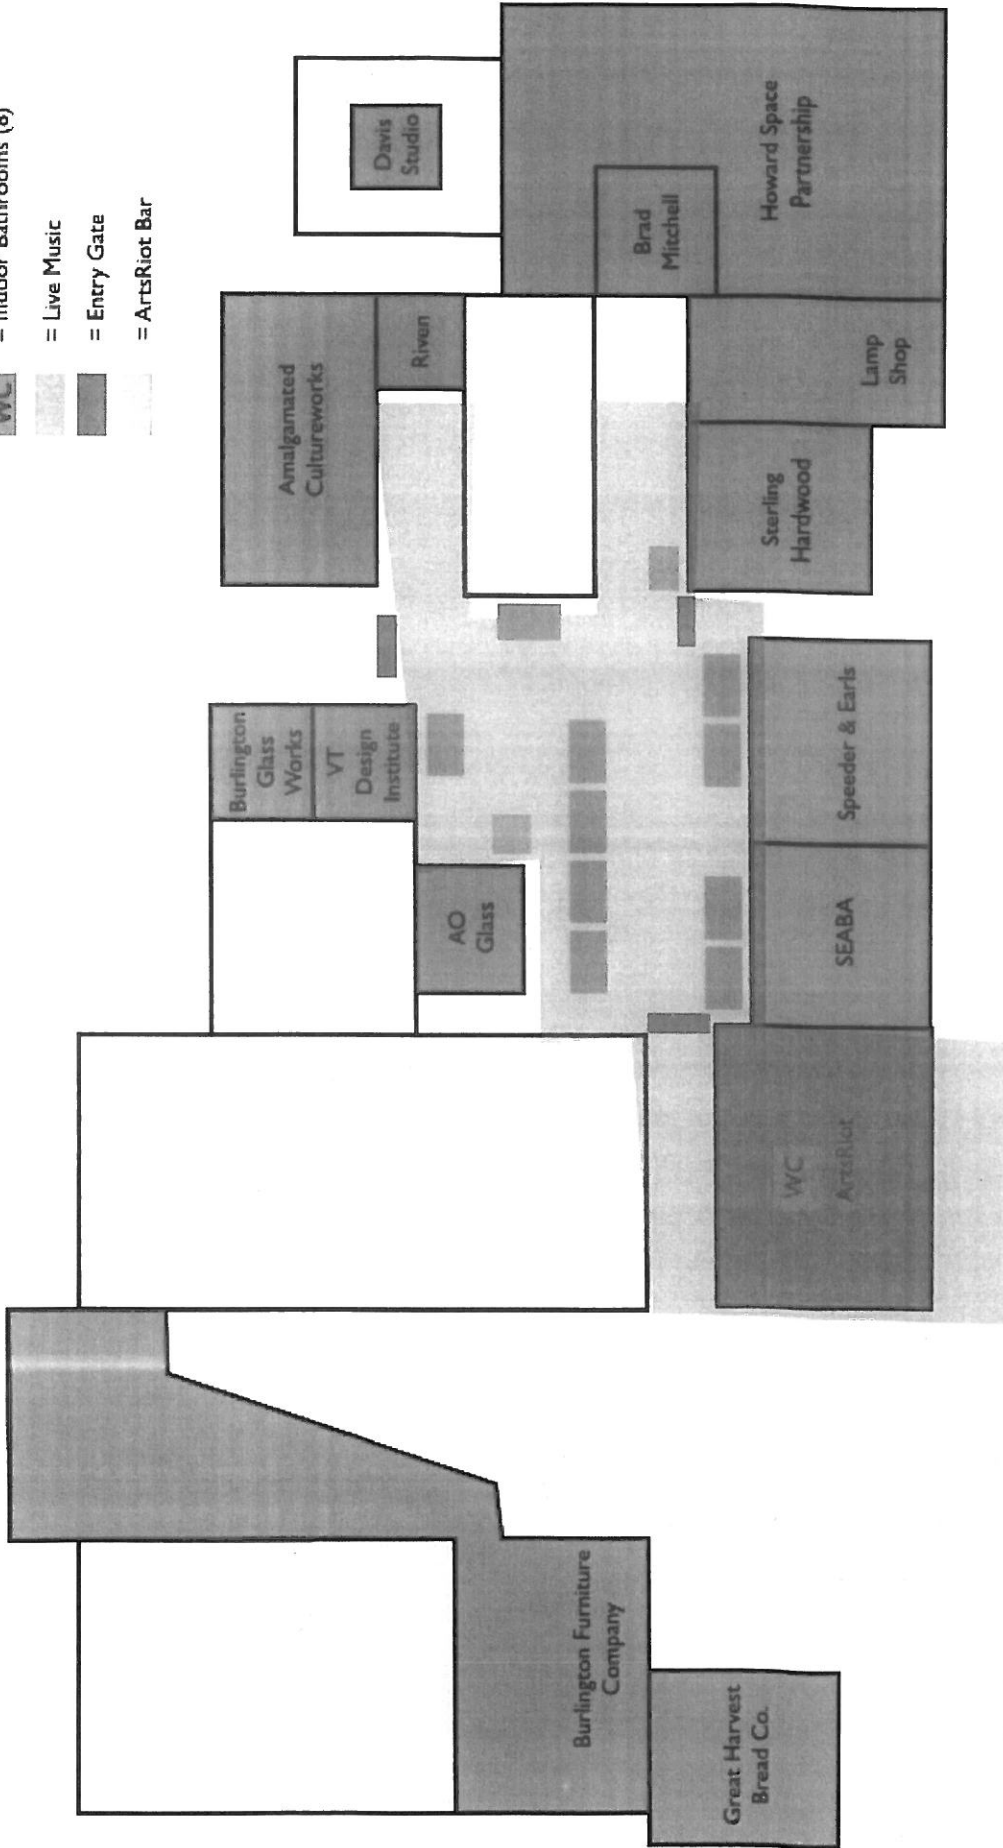

I would like to invite the city to ask any questions and I'm willing to field any comments/concerns about our proposal. I would also like to try and resolve this proposal by May 1st, 2014 if possible. This will allow our staff enough time to make all necessary preparations for what ever the city decides. Thank you.

Wednesday.

The Bass is so strong that I feel each pounding note in my chest. The music, in general, is so loud that recently I was on the phone with a friend with my windows closed and he could hear it.

I expect to hear music living this close to clubs - it's just a matter of September. I wish they could ^{turn} down the volume, especially of the bass, on all of their loud music nights.

I also hate that they may be adding Wednesdays now. That leaves me with only 3 good nights sleep in a week! I wish I had a decibel counter because it's hard to portray just how loud it is. It shakes the walls and floor. Any help from the City of Burlington would be greatly appreciated!

(I had heard & assumed that this music was from The 1/2 Lounge. I dressed and got out and walked around last night after midnight. It is from Red Square and is not from live music - but is the D.J.)

CITY OF BURLINGTON

In the year Two Thousand Fourteen

Resolved by the City Council of the City of Burlington, as follows:

1 That WHEREAS, the current process for the annual renewal of existing, non-Church Street
2 Marketplace License Agreements relating to encumbrances (for tables and chairs, awnings, signs, and
3 other encumbrances that overhang the public right-of-way) is unduly time consuming and cumbersome;
4 and

5 WHEREAS, in order to implement a more efficient procedure that benefits both the licensees
6 seeking annual renewals and city officials charged with processing such renewals, the following
7 procedure shall be implemented for licensees seeking an annual renewal of existing, non-Church Street
8 Marketplace License Agreements:

- 9 1) the licensee shall submit an annual renewal application to the City Clerk/Treasurer's Office
10 with the appropriate fee, including with such application updated proof of insurance and all
11 applicable endorsements;
- 12 2) the application shall also include a certification by the licensee that the renewal does not
13 amend, modify or otherwise change the existing License Agreement;
- 14 3) upon a certification by the Department of Public Works that each licensee is in compliance
15 with the terms of the existing License Agreement, the Treasurer's Office shall submit to the
16 City Council a listing of all such annual renewals;
- 17 4) if the renewal is approved by the City Council, the communication from the Treasurer's
18 Office, the certificate of compliance by the Department of Public Works, the renewal
19 application by the licensee with the required documentation, and proof of the payment of the
20 fee shall constitute the extension of the existing License Agreement for one year; and

21 WHEREAS, this proposed change to the process for the approval of renewals to existing, non-

Lori,
Here is what you asked for. Attached you will find a rough draft of our menu, we are still working on filling it in (Bocas Dinner Menu.pdf).

We are also still in the process of making the drink menu, but what we are thinking of is 6-9 local micro drafts, some bottle beers that would fill that gaps that the local beers don't. I have worked in the restaurant long enough to know that not every one drinks or likes micro brews, but my wife and I really want to stress local when ever we can. Our wine selection will be some house pours, but also offer bottles. The hard part here is neither one of us really care for the local Vermont wines, so we may only one or two local Vermont wines, instead we will showcase Italian varietals' to compliment the pizza. We do not want to sell or carry hard liquors, we are not a bar nor do we want to give off the image that we are. Smitty's is the bar, we want to be a family restaurant were people can go and get great pizza and a great local beer in a family friends atmosphere.

Also attached you will find my Vermont DLC training certificate. I have always attend the in-person seminar when my renewal was due, however this time I chose to do the online class for my renewal (DLC Cert.pdf).

The lease in Word document form (Peter Grimard Lease.doc).

And finally attached is the floor plan of the restaurant (former KeyBank- proposed pizza parlor.pdf). The landlord is in the process of making changes to the building by adding two ADA compliant restrooms on the western wall. The glass faciad on both the north and west sides are being replaced by the landlord with newer and a more modern look. The 'chef's table/bar' will seat 8 people at it allowing the guests to interact with the chef and pizza cook, sort of like a sushi bar. The bar on the southern side of the room will seat 8 guest, this will be a beer/wine bar. Strategically placed through out d the dinning room will be 4 eight top tables and 4 four top tables. If larger parties come in, we can more tables around to accommodate.

Thank you Lori for all your help and if you have anymore questions for me, please feel free to reply to this email, or you can call me at 802.777.3692

Sincerely,
Peter Grimard

Actually if you can provide the following information beforehand that would be greatly appreciated:

A copy of the food menu, draft is fine

A copy of the enforcement seminar training certificate (DLC)

A copy of the lease

An inside diagram of where tables and chairs will be located

ALL of this can be emailed to me.

~~thank you~~

Lori,

Thanks for the follow up. As for progress, the we have finalized all the construction plan, obtained permits for electrical and plumbing, roughed in all plumbing under the cement, and on Wednesday or Thursday the flooring concrete will get re-poured. The electrician will be roughing in all the electrical 3/10-3/14. Away from the site I have made all our table and bar tops. Today I am making the wine locker out of the old bank vault. The plumbing has been the big hold up, keeping me out of the space. Once the floor gets re-poured, I can start building the oven and then installing the beer and wine bar. Do you feel this is enough progress for the committee to vote? Or we should just plan on updating the board on our progress? The big hold up on the space was the plumbing and getting it installed on what was to go under the concrete slab.

Thanks again, let me know.

Peter

Hey Lori:

Appears no change in use, but are there interior changes? If so a zoning permit is not required (although we request a non-applicability for zoning permit form be completed for a definitive determination). Building permits would be needed however for any interior work. Also any new signs require zoning sign permits.

Otherwise not a problem as this Downtown zone allows restaurant and bars. The applicants are familiar with the regulations so not anticipating any issues.

Subject: ArtsRiot Licensed Premises
Attachments: Current Premises.png; Proposed Premises.png; Truck Stop Schedule.png

Hi Lori,

Please see the attached documents. The first shows the licensed premises we had last summer for the Truck Stop series. The second shows our proposed new premises for this coming summer. The last is a tentative schedule for the planned Truck Stop events.

ArtsRiot is writing the City of Burlington's Licensing Committee to propose an outdoor licensed premises for the summer of 2014. This would expand the previous premises in the following ways. We would extend the outdoor licensed premises to include the rear parking lot to the east of Burlington Glass Works, the space between Pine Street and the front of our building, and further south down the first alley behind Sterling Hardwood. Gated entries would move. The northern gate would push to the end of the alley behind our building and another northern entry would exist at the front of our building. A new southern gate would exist at the south western edge of our building. The eastern gate would move east past Burlington Glass Works alley. This licensed premises would also be for the entire Truck Stop season as opposed to portions of it as experienced in summer 2013. We hope our track record of running safe, secure, inclusive, multi-generational, family-oriented environments shows we have the ability to serve even more people with better capacity this coming summer.

Changes to handle capacity of proposed premises would include:

OUT FRONT - a fenced in area in front of our building. This space would be buffered from the street by food trucks facing and serving the public on the non-street side of their trucks. This fenced in area would be monitored by two additional security guards not present with our current area.

OUT BACK - all three gates out back will again be monitored by professional security guards. We plan on having an additional security floater from last year to put another set of eyes on the general outdoor area.

PARKING - A designated parking attendant will oversee the additional parking offered to us by the Maltex Building and will also assist people that need to cross Pine Street on foot.

INSIDE/OUTSIDE - One of the biggest changes to our premises this year will be the combining of our inside and outside licensed premises. Currently the inside space (our building) is licensed and the outdoor Truck Stop area (last summer's licensed premises) are adjacent but separate premises. We hope to avoid confusion amongst our patrons, our employees, and our security staff by creating one licensed premises that we can patrol and ensure is safe and secure.

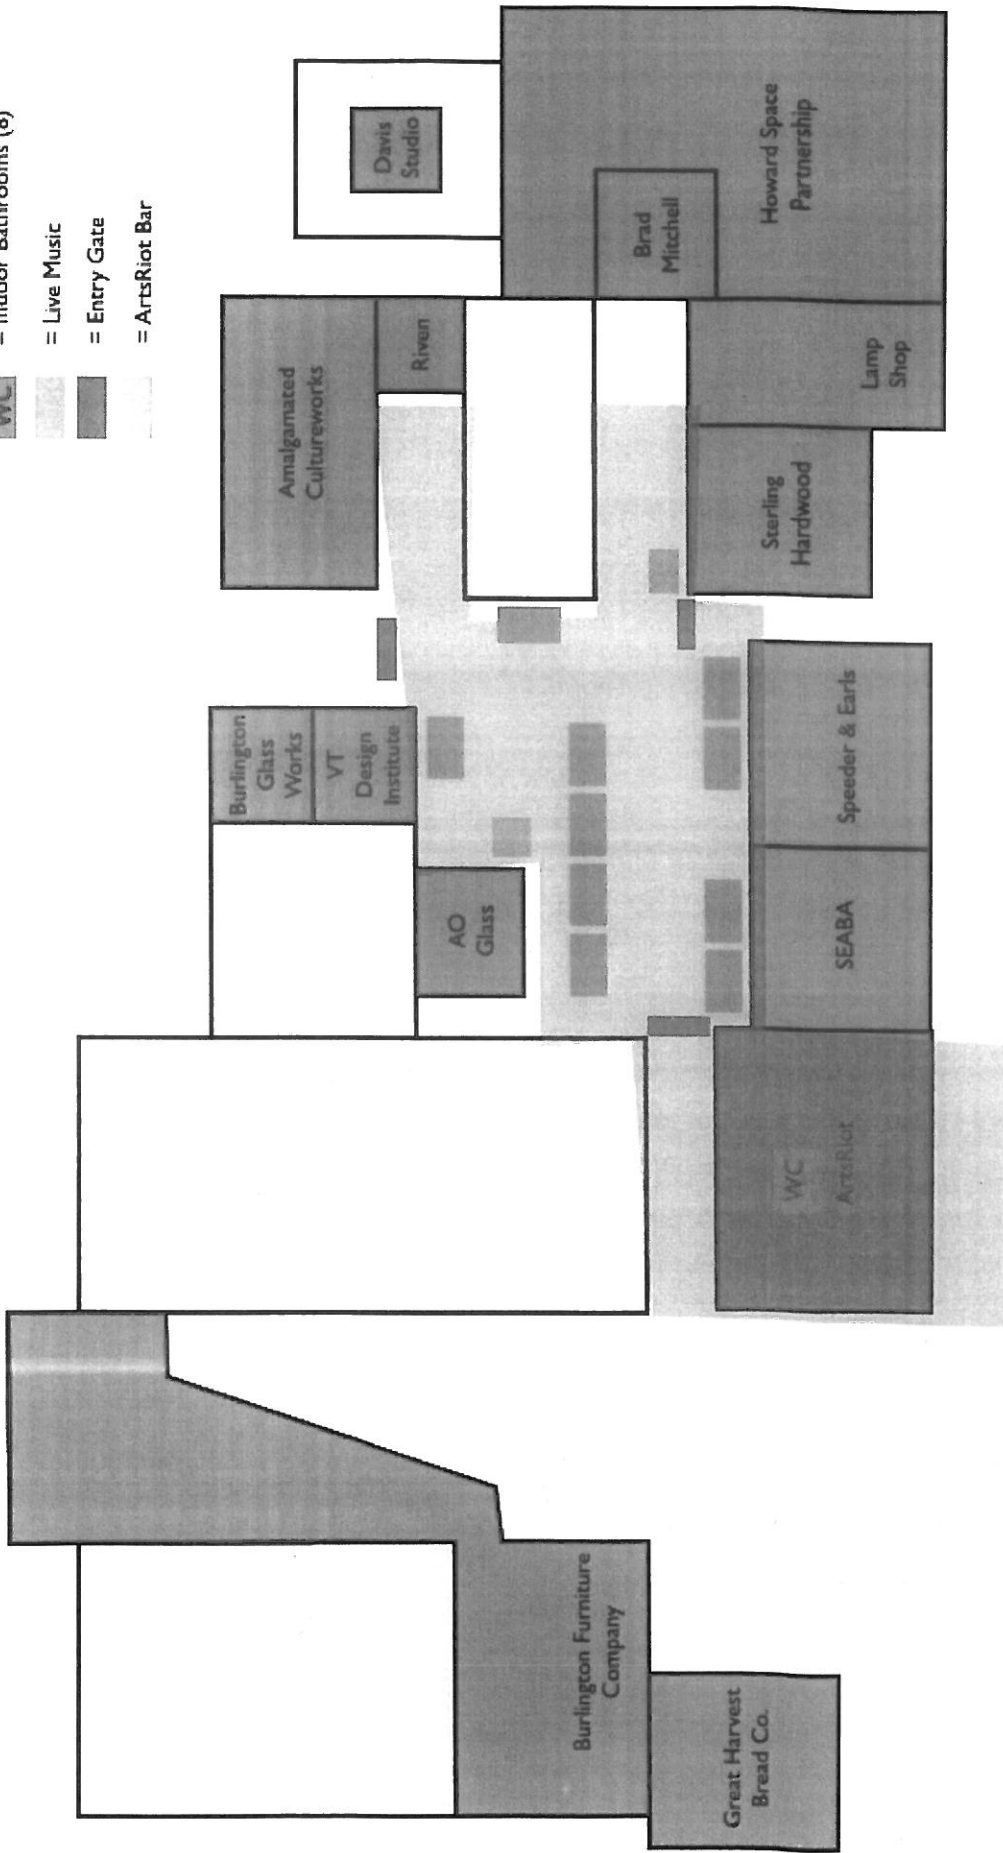

I would like to invite the city to ask any questions and I'm willing to field any comments/concerns about our proposal. I would also like to try and resolve this proposal by May 1st, 2014 if possible. This will allow our staff enough time to make all necessary preparations for what ever the city decides. Thank you.

Wednesday.

The Bass is so strong that I feel each pounding note in my chest. The music, in general, is so loud that recently I was on the phone with a friend with my windows closed and he could hear it.

I expect to hear music living this close to clubs - it's just a matter of September. I wish they could ^{turn} down the volume, especially of the bass, on all of their loud music nights.

I also hate that they may be adding Wednesdays now. That leaves me with only 3 good nights sleep in a week! I wish I had a decibel counter because it's hard to portray just how loud it is. It shakes the walls and floor. Any help from the City of Burlington would be greatly appreciated!

(I had heard & assumed that this music was from The 1/2 Lounge. I dressed and got out and walked around last night after midnight. It is from Red Square and is not from live music - but is the D.J.)

In the year Two Thousand Fourteen

Resolved by the City Council of the City of Burlington, as follows:

1 That WHEREAS, the current process for the annual renewal of existing, non-Church Street
2 Marketplace License Agreements relating to encumbrances (for tables and chairs, awnings, signs, and
3 other encumbrances that overhang the public right-of-way) is unduly time consuming and cumbersome;
4 and

5 WHEREAS, in order to implement a more efficient procedure that benefits both the licensees
6 seeking annual renewals and city officials charged with processing such renewals, the following
7 procedure shall be implemented for licensees seeking an annual renewal of existing, non-Church Street
8 Marketplace License Agreements:

- 9 1) the licensee shall submit an annual renewal application to the City Clerk/Treasurer's Office
10 with the appropriate fee, including with such application updated proof of insurance and all
11 applicable endorsements;
- 12 2) the application shall also include a certification by the licensee that the renewal does not
13 amend, modify or otherwise change the existing License Agreement;
- 14 3) upon a certification by the Department of Public Works that each licensee is in compliance
15 with the terms of the existing License Agreement, the Treasurer's Office shall submit to the
16 City Council a listing of all such annual renewals;
- 17 4) if the renewal is approved by the City Council, the communication from the Treasurer's
18 Office, the certificate of compliance by the Department of Public Works, the renewal
19 application by the licensee with the required documentation, and proof of the payment of the
20 fee shall constitute the extension of the existing License Agreement for one year; and
