Project Updates

311 North Avenue:

Dan Cahill said that the management plan for this conserved property is in draft form.

Conservation Legacy Fund, acquisition updates:

Dan Cahill said he could put together an update as to acquisition statuses at the request of the Subcommittee. ZR said she'd like to see an update. Mr. Cahill said that MM had requested on at the previous meeting. He can provide an update at the March meeting.

Conservation Legacy Fund, next round logo review:

Dan Cahill displayed several new draft logos for consideration. Subcommittee members like the direction and requested some final revisions to one for review next meeting.

Revisiting Intervale Deer Management item:

ZR, how do we provide the City Council with sufficient information for them to decide whether to move ahead with a pilot project or not? At the next meeting, could we have VT F&W experts join a discussion of the matter? Mr. Cahill said we should think about it as a holistic deer management plan but be specific as to the request for action relative to a controlled deer hunt.
